- 
- 1. Introduction**
- 1.1 The Procuring Entity named in the Data Sheet will select a consulting firm/organization (the Consultant) in accordance with the method of selection specified in the Data Sheet.
  - 1.2 Consultants are invited to submit a Technical Proposal and a Financial Proposal, for consulting services as specified in the Data Sheet for consulting services required for the assignment named in the Data Sheet. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.
  - 1.3 Consultants should familiarize themselves with local conditions and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and local conditions, Consultants are encouraged to attend the pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is optional. Consultants should contact the Procuring Entity's representative named in the Data Sheet to arrange for their visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
  - 1.4 The OUR will timely provide at no cost to the Consultants, the inputs and facilities specified in the Data Sheet, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.
  - 1.5 Consultants shall bear all costs associated with the preparation and submission of their proposals and contract negotiation. The OUR is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants.
    - 1.5.1 The OUR is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants. The OUR reserves the right not to award a contract to any party with whom we are currently in litigation or in the past engaged in

litigation.

**Conflict of Interest**

1.6 Consultants are required to provide professional, objective, and impartial advice and at all times hold the OUR interests paramount, strictly avoid conflicts with other assignments or their own corporate interests and act without any consideration for future work.

1.6.1 Without limitation on the generality of the foregoing, Consultants, and any of their affiliates, shall be considered to have a conflict of interest and shall not be recruited, under any of the circumstances set forth below:

(i) A firm that has been engaged by the OUR to provide goods, works or services other than consulting services for a project, and any of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works or services other than consulting services resulting from or directly related to the firm's consulting services for such preparation or implementation. For the purpose of this paragraph, services other than consulting services are defined as those leading to a measurable physical output, for example surveys, exploratory drilling, aerial photography, and satellite imagery.

**Conflicting assignments**

(ii) A Consultant (including its Personnel and Sub-Consultants) or any of its affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant to be executed for the same or for the OUR. For example, a Consultant hired to prepare engineering design for an infrastructure project shall not be engaged to prepare an independent environmental assessment for the same project, and a Consultant assisting a procuring entity in the privatization of public assets shall not purchase, nor advise procuring entities of, such

assets. Similarly, a Consultant hired to prepare Terms of Reference for an assignment should not be hired for the assignment in question.

**Conflicting  
relationships**

- (iii) A Consultant (including its Personnel and Sub-Consultants) that has a business or family relationship with a member of the Procuring Entity's staff who is directly or indirectly involved in any part of (i) the preparation of the Terms of Reference of the assignment, (ii) the selection process for such assignment, or (iii) supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the OUR throughout the selection process and the execution of the Contract.

1.6.2 Consultants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of the OUR, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

1.6.3 No agency or current employees of the OUR shall work as Consultants in connection with the project to which this RFP relates. Recruiting former employees of OUR to work on this project is acceptable provided no conflict of interest exists. If the Consultant nominates any government employee as Personnel in their technical proposal, such Personnel must have written certification from their government or employer confirming that they are on leave without pay from their official position and allowed to work full-time outside of their previous official position. Such certification shall be provided to the OUR by the Consultant as part of his technical proposal.

**Unfair  
Advantage**

1.6.4 If a Consultant could derive a competitive advantage from having provided consulting services related to the assignment in question, the Procuring Entity shall make available to all Consultants together with this RFP all

information that would in that respect give such Consultant any competitive advantage over competing Consultants.

**Fraud and  
Corruption**

1.7 The OUR requires that Consultants (including its Personnel and Sub-Consultants, agents and assigns), observe the highest standard of ethics during the procurement and execution of its contracts. In pursuance of this policy:

- (a) the terms set forth below for the purposes of this provision, are defined as follows:

**“corrupt practice”** means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of a public official in the procurement process or in contract execution;

**“fraudulent practice”** means a misrepresentation or omission of facts in order to influence a procurement process or the execution of a contract, to the detriment of the OUR and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the OUR of the benefits of free and open competition;

**“collusive practice”** means a scheme or arrangement between two or more bidders, with or without the knowledge of the OUR, designed to establish bid prices at artificial non-competitive levels or to influence the action of any party in the procurement process or the execution of a contract; and

**“coercive practice”** means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the procurement process or affect the execution of a contract;

- (b) the OUR will reject a proposal for award if it determines that the Consultant recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for the Contract in question;
- (c) the OUR will sanction a firm or individual, including declaring them ineligible, either indefinitely or for a stated period of time, to be awarded contract with the OUR if it at any time determines that they have, directly or through an agent, engaged, in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing, a contract with the OUR; and
- (d) the OUR will have the right to require that a provision be included in the RFP and in its contracts, requiring Consultants to permit the OUR to inspect their accounts and records and other documents relating to the Bid submission and contract performance and to have them audited by auditors appointed by the OUR.

1.8 Consultants shall furnish information on commissions and gratuities, if any, paid or to be paid to agents relating to this proposal and during execution of the assignment if the Consultant is awarded the Contract, as requested in the Financial Proposal submission form (Section 4).

**Origin  
of Consulting  
Services**

- 1.9 Consulting Services provided under the Contract may originate from any country except where:
- The procurement is covered under a Free Trade Agreement;
  - A multilateral funding agency policy which limits the origin;
  - The procurement is limited to local consultants.

- |   |      |   |
|---|------|---|
| <b>Only one Proposal</b>  | 1.10 | Consultants may only submit one proposal. If a Consultant submits or participates in more than one proposal, such proposals shall be disqualified. However, this does not limit the participation of the same Sub-Consultant, including individual experts, to more than one Proposal.  |
| <b>Proposal Validity</b>  | 1.11 | The Data Sheet indicates how long Consultants' Proposals must remain valid after the submission date. During this period, Consultants shall maintain the availability of Professional staff nominated in the Proposal. The OUR will make its best effort to complete contract negotiations within this period. Should the need arise however, the OUR may request Consultants to extend the validity period of their Proposals. Consultants who agree to such extension shall confirm that they maintain the availability of the Professional staff nominated in the Proposal. If the final evaluation for contract award has not yet been completed, Consultants may in their confirmation of extension of validity of the Proposal, submit new staff in replacement, who would then be considered in the final evaluation for contract award. Consultants have the right to refuse to extend the validity of their Proposals. |
| <b>2. Clarification and Amendment of RFP Documents/ Extension of Deadline for Submission of Proposals</b> | 2.1  | Consultants may request a clarification of any of the RFP documents up to the number of days indicated in the Data Sheet before the Proposal submission date. Any request for clarification must be sent in writing, or by standard electronic means to the OUR's address indicated in the Data Sheet. The OUR will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Consultants. Should the OUR deems it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure under paragraph 2.2 of these Instructions to Consultants.  |

2.2 At any time before the submission of Proposals, the OUR may amend the RFP by issuing an addendum in writing or by standard electronic means. The addendum shall be sent to all Consultants and will be binding on them. Consultants shall acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals the OUR may, if the amendment is substantial, extend the deadline for the submission of Proposals.

2.3 The OUR reserves the right to extend the deadline for the submission of Proposals for any other reason it may deem fit. Such extension of time shall be notified by way of an addendum issued by the OUR in accordance with paragraph 2.2 of these Instructions to Consultants.

### **3.Preparation of Proposals**

3.1 The Proposal, as well as all supporting documentation and related correspondence exchanged by the Consultants and the OUR, shall be written in the English language.

3.2 In preparing their Proposal, Consultants are expected to examine in detail the documents comprising the RFP. Material deficiencies in providing the information requested may result in rejection of a Proposal.

3.3 While preparing the Technical Proposal, Consultants must give particular attention to the following:

- (a) If a consulting firm/organization considers that it may enhance its expertise for the assignment by associating with other consulting firms/organizations in a joint venture or sub-consultancy, it may do so. In case of a joint venture, all partners shall be jointly and severally liable and shall indicate in its Technical Proposal who will act as the leader of the joint venture. This indication should be accompanied by any relevant Power of Attorney or other acceptable documentation evidencing the authority of the leader.
- (b) The estimated number of professional staff-months for the Project is indicated in the Data Sheet. However, the Proposal shall be based on the number of Professional staff-months estimated by the Consultants.
- (c) Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.

**Language**

- (d) Documents to be issued by the Consultants as part of this assignment must be in English. It is expected that the firm's Personnel be proficient in reading, writing, and speaking English.

**Technical Proposal  
Format and  
Content**

3.4 Consultants are required to submit a Full Technical Proposal (FTP). The Data Sheet indicates the format of the Technical Proposal to be submitted. Submission of the wrong type of Technical Proposal will result in the Proposal being deemed non-responsive. The Technical Proposal shall provide the information indicated in the following paragraphs from (a) to (g) using the attached Standard Forms (Section 3 of this RFP). Paragraph (c)

---

indicates the recommended number of pages for the description of the approach, methodology and work plan of the STP. A page is considered to be one printed side of A4 or letter size paper.

- (a) A brief description of the Consultants' organization and an outline of recent experience of the Consultants and, in the case of joint venture, for each partner, on assignments of a similar nature are required in Form TECH-2 of Section 3. For each assignment, the outline should indicate the names of Sub-Consultants/ Professional staff, duration of the assignment, contract amount, and Consultant's involvement. Information should be provided only for those assignments for which the Consultant was legally contracted by the OUR as a corporation or as one of the major firms within a joint venture. Assignments completed by individual Professional staff working privately or through other consulting firms cannot be claimed as the experience of the Consultant, or that of the Consultant's associates, but can be claimed by the Professional staff themselves in their CVs. Consultants should be prepared to substantiate the claimed experience if so requested by the OUR.
- (b) Comments and suggestions on the Terms of Reference including workable suggestions that could improve the quality/ effectiveness of the assignment; and on requirements for counterpart staff and facilities including: administrative support, office space, local transportation, equipment, data, etc. to be provided by the OUR (Form TECH-3 of Section 3 of the RFP).
- (c) A description of the approach, methodology and work plan for performing the assignment

covering the following subjects: technical approach and methodology, work plan, and organization and staffing schedule. Guidance on the content of this section of the Technical Proposals is provided under Form TECH-4 of Section 3. The work plan should be consistent with the Work Schedule (Form TECH-8 of Section 3) which will show in the form of a bar chart the timing proposed for each activity.

- (d) The list of the proposed professional staff team by area of expertise, the position that would be assigned to each staff team member, and their tasks (Form TECH-5 of Section 3).
- (e) Estimates of the staff input (staff-months of foreign and local professionals) needed to carry out the assignment (Form TECH-7 of Section 3). The staff-months input should be indicated separately for home office and field activities, and for foreign and local professional staff.
- (f) CVs of the professional staff signed by the staff themselves or by the authorized representative of the professional staff (Form TECH-6 of Section 3).
- (g) A detailed description of the proposed methodology and staffing for training.

3.5 The Technical Proposal shall not include any financial information. A Technical Proposal containing financial information may be declared non responsive.

#### **Financial Proposals**

3.6 The Financial Proposal shall be prepared using the attached Standard Form (Section 4). It shall list all costs associated with the assignment, including (a) remuneration for staff (foreign and local, in the field and

at the Consultants' home office), and (b) reimbursable expenses indicated in the Data Sheet. If appropriate, these costs should be broken down by activity and, if appropriate, into foreign and local expenditures. All activities and items described in the Technical Proposal must be priced separately; activities and items described in the Technical Proposal but not be priced, shall be assumed to be included in the prices of other activities or items.

## **Taxes**

- 3.7 The Consultant may be subject to Jamaican taxes (such as: value added or sales tax, social charges or income taxes on non-resident foreign Personnel or resident Personnel, duties, fees, levies) on amounts payable by the OUR under the Contract. The Consultant should take any such taxes into account when finalizing its Financial Proposal as it will be responsible for paying such taxes.

All resident/Jamaica based Consultants are required to present a valid Tax Compliance Certificate issued by the Jamaica tax authorities ("TCC") with its Proposal. For non-resident/foreign Consultants, a valid TCC will be required prior to execution of the Contract.

- 3.8 Consultants shall quote the price of their services and costs in the Financial Proposal in United States Dollars. Notwithstanding the foregoing, some or all payments under the Contract to a Consultant which is resident in Jamaica may be made in Jamaican dollars. In this case, the Contract price shall be converted to Jamaican dollars at the prevailing rate of exchange published by the Bank of Jamaica as at the date of execution of the Contract by the OUR and the successful Consultant.
- 3.9 Commissions and gratuities, if any, paid or to be paid by Consultants and related to the assignment will be listed in the Financial Proposal Form FIN-1 of Section 4.

**4. Submission,  
Receipt, and  
Opening of  
Proposals**

- 4.1 The original proposal (Technical Proposal and Financial Proposal) shall contain no interlineations or overwriting, except as necessary to correct errors made by the Consultants themselves. The person who signs the proposal must initial such corrections. Submission letters for both Technical and Financial Proposals should respectively be in the format of TECH-1 of Section 3, and FIN-1 of Section 4, respectively.
- 4.2 An authorized representative of the Consultants shall initial all pages of the original Technical and Financial Proposals. The authorization shall be in the form of a written power of attorney accompanying the Proposal or in any other form demonstrating that the representative has been duly authorized to sign. The signed Technical and Financial Proposals shall be marked "ORIGINAL".
- 4.3 The Technical Proposal shall be marked "ORIGINAL" and shall be submitted with such number of copies and in such form as is indicated in the Data Sheet. All required copies of the Technical Proposal are to be made from the original. If there are discrepancies between the original and the copies of the Technical Proposal, the original shall govern.

The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked "TECHNICAL PROPOSAL". Similarly, the original Financial Proposal shall be placed in a sealed envelope clearly marked "FINANCIAL PROPOSAL" followed by the name of the assignment, and with a warning "DO NOT OPEN WITH THE TECHNICAL PROPOSAL." The envelopes containing the Technical and Financial Proposals shall be placed into an outer envelope and sealed. This outer envelope shall bear the address and title indicated in the

Data Sheet and be clearly marked “**DO NOT OPEN BEFORE 11:00 a.m. Eastern Standard Time (EST) on March 10, 2016**”. The OUR shall not be responsible for the placement, losing or premature opening if the outer envelope is not sealed and/or marked as stipulated. Non-compliance with the requirements specified in this paragraph 4.4 may be a ground for rejection of the Proposal. If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, this will constitute grounds for declaring the Proposal non-responsive.

- 4.5 The Proposals must be sent to the address indicated in the Data Sheet and deposited in the TENDER BOX provided at that address for this purpose no later than the time and the date indicated in the Data Sheet, or any extension to this date in accordance with paragraph 2.3. Any proposal received by the OUR after the deadline for submission shall be returned unopened.
- 4.6 The OUR shall open the Technical Proposal immediately after the deadline for their submission at the date, time and place indicated in the Data Sheet. The envelopes with the Financial Proposal shall remain sealed and securely stored.

## 5. Proposal Evaluation

- 5.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultants should not contact the OUR on any matter related to its Technical and/or Financial Proposal. Any effort by Consultants to influence the OUR in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Consultants' Proposal.

Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation

is concluded.

**Evaluation of Technical Proposals**

5.2 The evaluation committee established by the OUR (the “Evaluation Committee”) shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference, or if it fails to achieve the minimum technical score indicated in the Data Sheet.

**Public Opening and Evaluation of Financial Proposals**

5.3 After the technical evaluation is completed the OUR shall notify those Consultants whose Proposals did not meet the minimum qualifying mark or were considered non responsive to the RFP and TOR, that their Financial Proposals will be returned unopened after completing the selection process. Where possible the Financial Proposals should be opened publicly. In this case, the OUR shall simultaneously notify in writing Consultants that have secured the minimum qualifying mark, of the date, time and location for opening of their Financial Proposals. The opening date should allow Consultants sufficient time to make arrangements for attending the opening. Consultants’ attendance the opening of Financial Proposals is optional.

5.4 Financial Proposals shall be opened publicly in the presence of the Consultants’ representatives who choose to attend. The name of the Consultants, and the technical scores of the Consultants shall be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall then be opened, and the total prices read aloud and recorded. Copy of the record

shall be sent to all Consultants.

5.5 The Evaluation Committee will correct any computational errors. When correcting computational errors, in case of discrepancy between a partial amount and the total amount the partial amount will prevail, or between word and figures the amount in words will prevail. In addition to the above corrections, as indicated under paragraph 3.6, activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items. In case an activity or line item is quantified in the Financial Proposal differently from the Technical Proposal, no corrections are applied to the Financial Proposal in this respect.

5.6 The lowest evaluated Financial Proposal ( $F_m$ ) will be given the maximum financial score ( $S_f$ ) of 100 points. The financial scores ( $S_f$ ) of the other Financial Proposals will be computed as indicated in the Data Sheet. Proposals will be ranked according to their combined technical ( $S_t$ ) and financial ( $S_f$ ) scores using the weights ( $T$  = the weight given to the Technical Proposal;  $P$  = the weight given to the Financial Proposal;  $T + P = 1$ ) indicated in the Data Sheet:  $S = S_t \times T\% + S_f \times P\%$ . The firm achieving the highest combined technical and financial score will be invited for contract negotiations.

## 6. Negotiations

6.1 The date and address of negotiations will be notified to the Consultant whose Proposal has received the highest combined score as indicated in paragraph 5.6 above. The invited Consultant will, as a pre-requisite for attendance at the negotiations, confirm availability of all Professional staff indicated in its Proposal. Failure in satisfying such requirements may result in the OUR proceeding to negotiate with the next highest ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude a Contract.

- |   |     |  |
|---|-----|--|
| <b>Technical Negotiations</b>                     | 6.2 | Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, and organization and staffing, and any suggestions made by the Consultant to improve the Terms of Reference. The OUR and the Consultants will finalize the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as “Description of Services”. Special attention will be paid to clearly defining the inputs and facilities required from the OUR to ensure satisfactory implementation of the assignment. The OUR shall prepare minutes of negotiations which will be signed by the OUR and the Consultant. |
| <b>Financial Negotiations</b>                     | 6.3 | It is the responsibility of the Consultant, before starting financial negotiations, to contact the local tax authorities to determine the local tax amount, if any, to be paid by the Consultant under the Contract. The financial negotiations will include a clarification (if any) of the firm’s tax liability in Jamaica, and the manner in which it will be reflected in the Contract; and will reflect the agreed technical modifications in the cost of the services. Unless there are exceptional reasons, the financial negotiations will involve neither the remuneration rates for staff nor other proposed unit rates.   |
| <b>Availability of Professional staff/experts</b> | 6.4 | Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the OUR expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, the OUR will require assurances that the Professional staff will be actually available. The OUR will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such  |

substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the Proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and be submitted by the Consultant within the period of time specified in the letter of invitation to negotiate.

**Conclusion of the negotiations**

6.5 Negotiations will conclude with a review of the draft Contract. To complete negotiations the OUR and the Consultant will initial the agreed Contract. If negotiations fail, the OUR may invite the Consultant whose Proposal received the second highest combined score to negotiate a Contract.

**7. Award of Contract**

7.1 After completing negotiations the OUR shall award the Contract to the selected Consultant and publish notice of the award on its website. After Contract signature the OUR shall promptly notify all other Consultants who have submitted proposals of the award and return the unopened Financial Proposals to the unsuccessful Consultants.

7.2 The Consultant is expected to commence the assignment on the date and at the location specified in the Data Sheet.

**8. Confidentiality**

8.1 Information relating to evaluation of Proposals and recommendations concerning awards shall not be disclosed to the Consultants who submitted Proposals or to other persons not officially concerned with the process, until the publication of the award of Contract. The undue use by any Consultant of confidential information related to the process may result in the rejection of its Proposal.

---

Dear Sirs:

We, the undersigned, offer to provide the consulting services in connection with the **Consultancy Services for an Audit of JPS' Metering and Customer Information Systems** in accordance with your Request for Proposal dated [Insert Date] (the "RFP") and our Proposal. We are hereby submitting our Proposal, which includes this Technical Proposal, and a Financial Proposal sealed in a separate envelope.

We are submitting our Proposal in association with: [Insert a list with full name and address of each associated Consultant, if applicable].

We hereby declare that all the information and statements made in this Proposal are true and accept that any misinterpretation contained in it may lead to our disqualification.

If negotiations are held during the period of validity of the Proposal, i.e. before the expiration of date indicated in Paragraph Reference 1.11 of the Data Sheet included in the RFP, we undertake to negotiate on the basis of the proposed staff. Our Proposal is binding upon us and subject to the modifications resulting from Contract negotiations.

We undertake, if our Proposal is accepted, to initiate the consulting services related to the assignment not later than the date indicated in Paragraph Reference 7.2 of the Data Sheet included in the RFP.

We understand you are not bound to accept any Proposal you receive.

Yours sincerely,

PLAN FOR PERFORMING THE ASSIGNMENT**

---

*[Technical approach, methodology and work plan are key components of the Technical Proposal. You are suggested to present your Technical Proposal (inclusive of charts and diagrams) divided into the following three chapters:*

- a) Technical Approach and Methodology,*
- b) Work Plan, and*
- c) Organization and Staffing*

*a) Technical Approach and Methodology. In this chapter you should explain your understanding of the objectives of the assignment, approach to the services, methodology for carrying out the activities and obtaining the expected output, and the degree of detail of such output. You should highlight the problems being addressed and their importance, and explain the technical approach you would adopt to address them. You should also explain the methodologies you propose to adopt and highlight the compatibility of those methodologies with the proposed approach.*

*b) Work Plan. In this chapter you should propose the main activities of the assignment, their content and duration, phasing and interrelations, milestones (including interim approvals by the OUR), and delivery dates of the reports. The proposed work plan should be consistent with the technical approach and methodology, showing understanding of the TOR and ability to translate them into a feasible working plan. A list of the final documents, including reports, drawings, and tables to be delivered as final output, should be included here. The work plan should be consistent with the Work Schedule of Form TECH-8.*

*c) Organization and Staffing. In this chapter you should propose the structure and composition of your team. You should list the main disciplines of the assignment, the key expert responsible, and proposed technical and support staff.]*

## **Section 5. Terms of Reference**

### **Consultancy Services for an Audit of JPS' Metering and Customer Information Systems**

#### **1. BACKGROUND**

##### ***1.1. The OUR***

The Office of Utilities Regulation (OUR/Office), a multi-sector regulatory agency, was established by an Act of Parliament in 1995 by the Office Regulation Act (the OUR Act) to regulate the operations of utility services as specified in the First Schedule. Under the OUR Act, the OUR has regulatory authority over the telecommunications, electricity, water and sewerage sectors.

The OUR regulates the electricity sector in Jamaica which includes JPS and other Independent Power Producers (IPPs). JPS and IPPs are regulated by the OUR through the provisions of the Electricity Act and the Amended and Restated All-Island Electric Licence, 2011 as amended by Letter Agreement published in the Jamaica Gazette Vol. CXXXVII No. 27C<sup>1</sup> dated July 10, 2014 (the "Licence").

Section 4(d) of the Electricity Act states that "the Office shall regulate the electricity sector generally."

Condition 8 of the Licence grants the Office the right to attend any premises from time to time owned or occupied by or in the possession of JPS for the purpose of inspecting any books, records and accounts in relation to the business of JPS and that JPS shall fully co-operate. Paragraph 7 of Condition 8 of the Licence further states that JPS shall at the request of the Office furnish the Office, at its expense, with a copy of any book, record or accounts as the Office may reasonably require.

##### ***1.2. The JPS***

Condition 2 of the Licence grants JPS the exclusive right to transmit, distribute and supply electricity for public and private purposes in all parts of the island of Jamaica and the non-exclusive right to generate electricity. In July 2012, the validity of the exclusive rights provision in the Licence was challenged in the Supreme Court. The matter is now under appeal.

JPS is a vertically integrated company that owns the transmission and distribution grid and accounts for 68.63% or 644MW of the total generating capacity on the national grid. The remaining 31.37% of the generating capacity is provided by IPPs.

The full complement of JPS production capacity consists of eighteen (18) thermal power generating units located at four (4) sites (Rockfort, Hunts Bay, Bogue and Old Harbour), eight (9) hydro plants independently sited across the island and a small wind plant (3MW) at Munro in the south central part of the island.

JPS's current ownership structure consists of East-West Power of South Korea and Marubeni Corporation of Japan (through its subsidiary Marubeni Caribbean Power Holdings Inc) which jointly control 80% of the company's shares, the GOJ which owns 19.9% of the shares and the remaining less than 1% of shares held by private shareholders. Up until 2001, when the company was sold to the Atlanta based Mirant Corporation, the company was a fully owned Government entity. In 2007 Mirant Corporation transferred its 80% equity in the company to Marubeni Corporation (through its subsidiary Marubeni Caribbean Power Holdings Inc). Marubeni Corporation has since brought East-West Power on board as an equal partner as a result of a transaction in which it transferred half of its shares in JPS to the Korean company.

JPS is currently serving a population of over two point seven (2.7) million. At the end of 2013, JPS had a customer base of six hundred and six thousand, six hundred and fifty-four (606,654) including residential, commercial and industrial consumers. Of this amount approximately 89% are residential customers. JPS supplies this demand from an installed system capacity of approximately 939.1MW of which 294.6MW is provided by IPPs. Of the 644.5MW of capacity owned by JPS, 292MW of its base-load capacity is over thirty-five (35) years old and represents some of the most inefficient plants supplying the grid.

In 2013 the annual sales recorded by JPS was 3,038 GWh. Over the last five years the energy sales by JPS has fallen at an annual rate of 2%. To date the highest peak demand registered on the system was 644.4MW and the average system load factor is approximately 74%.

### **2.3 Purpose of Audit**

On January 7, 2015, in response to JPS' application for a tariff review, the OUR issued its "Jamaica Public Service Company Limited Tariff Review for Period 2014-2019: Determination Notice", (Document No. 2014/ELE/008/DET.004), (the Determination Notice). On January 13, 2015 JPS issued a letter of response to the said Determination Notice, suggesting that there was "*...an error in the computation of the energy revenue for Rate 10 customers and that, based on the OUR's determined tariffs, will not allow JPS to recover the determined revenue requirement of J\$41,570,355,652 (excluding the EEIF [Electricity Efficiency Improvement Fund])*". The

OUR requested that JPS advise if there were errors in their tariff submissions and that JPS explicitly indicate what these errors were and how they were made.

JPS subsequently submitted a revision of the billing data and pointed out that the Rate 10 energy consumption for each of the years 2011 through 2013 had been restated to be consistent with the information submitted to the OUR for the years 2008 to 2010. JPS also pointed to errors it had made in the billing data submitted in its tariff application on April 7, 2014 and provided explanations for same. The company requested that the rates flowing from the approved revenue requirement be amended to reflect the correct billing data.

The OUR considered the matter and issued the Jamaica Public Service Company Limited Tariff Review for the Period 2014 - 2019: Determination Notice - Addendum 1 (Document No. 2015/ELE/003/ADM.001) dated February 27, 2015 (the Addendum). The Office utilized the revised billing data and noted in the Addendum that the explanations proffered for the anomalies in its data by JPS could not be immediately verified without an extensive and detailed audit being conducted. The Office also stated that *"the OUR will conduct an audit of the energy demand data and the OUR reserves the right to adjust the non-fuel rates in the event that there is a material difference between the audit results and the revised data"*.

By way of a letter dated April 1, 2015, JPS stated that the billed consumption data for Rate classes 20 and 50 in the auditor source-certified billed consumption data supplied to the OUR was materially different from the original consumption data submitted in the JPS' tariff application and consequently included in the Determination Notice. Consequently, JPS in its 2015 Annual Tariff Adjustment application requested an adjustment to the billing determinants.

The OUR in the JPS Annual Tariff Adjustment 2015 - Determination Notice (Document No. Ele 2013/ELE/007Det.001) the Office reaffirmed that an audit of the energy demand data will be conducted to ascertain whether there is a material difference between the audited results and the revised data which JPS submitted to the OUR on January 29, 2015.

## **2. OBJECTIVE OF AUDIT**

The OUR intends to engage the services of an experienced and suitably qualified Auditor/Auditing Firm, with appropriate and relevant, electrical engineering, financial accounting, policy and regulatory expertise, ("the Consultant") to conduct an audit of JPS' Metering and Customer Information Systems for all rate classes (the Audit). The Audit will examine various relevant aspects of JPS' operations with a view to determining the extent to which the company is accurately metering, recording, billing and reporting its customer consumption data for all rate classes.

### 3. SCOPE OF WORK

1. Assess the level of accuracy in meter readings through field verification.
2. Assess the accuracy and reliability of the hand held devices used by meter readers to capture readings.
3. Assess the reliability and accuracy of the computerized system used to upload, store and download meter readings in the process of transferring data from the field to the office.
4. **Negative Billed Consumption** – JPS claims that the major causal factors for negative billed consumption are: correction of estimated billing, incorrect meter reading, incorrect billing and other factors including defective meters, negative reading (possibly arising from meter tampering), correction on back-billed consumption adjustments, incorrect wiring, etc. The Audit should investigate these claims and report on the extent of JPS' efforts to reduce/illuminate negative billing.
5. **Customer Accounts with Zero Consumption** – JPS has stated that there are a number of legitimate reasons for zero billed consumption being generated on customers' accounts in the normal course of business. These include the following causal factors:
  - a. Disconnected accounts that have not been reconnected before the next billing date.
  - b. Nil consumption defects relating to meters not registering consumption. This JPS states, could result from a mechanical failure of the meter or via tampering by the customer which bypasses the meter or prevents the meter from recording consumption.
  - c. Vacant Premises – Genuine zero consumption at a consumer's premises primarily due to such premises being unoccupied during the relevant billing period.
  - d. Customers who have requested disconnection of their service but whose service had not been terminated on the billing system at the next scheduled billing date.

The Audit should examine these reasons and other related claims and report on the extent, legitimacy and necessity of customer accounts with zero consumption.

6. **Variance in data at different points in time** – JPS has reported that the Customer Information Systems is an open system which allows for adjustments to be posted to previous records. JPS further states that historic data can only be preserved by archiving the exact dataset pulled on each occasion. Adjustments are auditable and can be tracked by the system. The Audit should examine the level of control that exists in this regard.
7. The Consultant shall investigate and advise the extent to which the OUR can rely on the total energy demand for each rate class in the Auditor Certified CS Bill Consumption Data that was uploaded to the shared electronic platform on February 11, 2015 and the extent to which it can be used to replace that which was submitted in the Real Demand Data Sheet by the JPS in its tariff application dated April 4, 2014 (i.e. - the file labelled JPS - TariffDesign Model.xls.) The Audit should identify and clearly indicate any error/s in the original data and whether any error/s found is/are materially significant.
8. Assess JPS' current meter inspection and audit practices and procedures.
9. From a historical and current perspective, assess the extent to which the design of the quality control measures (including meter reading and exceptions processing) reliably and consistently identifies and treats with legitimate/genuine billing anomalies.
10. Identify any areas of weakness within the systems mentioned above and determine the adequacy of the levels of safeguards used to protect against data corruption and manipulation.
11. Identify the causes of any weaknesses identified pursuant to Item (10) above.
12. The Consultant should make recommendations as to how the systems, practices and procedures mentioned above could be improved with due regard for international best practices.
13. Review the extent to which recommendations and directives resulting from previous audits were implemented and are being followed.
14. Review the following documents:

- a) The Amended and Restated All-Island Electric Licence, 2011;

## **1.3 Language**

This Contract has been executed in the English language, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Contract.

## **1.4 Notices**

### **1.4.1**

Any notice, request or consent required or permitted to be given or made pursuant to this Contract shall be in writing. Any such notice, request or consent shall be deemed to have been given or made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent to such Party at the address specified in the SC.

### **1.4.2**

A Party may change its address for notice hereunder by giving the other Party notice in writing of such change to the address specified in the SC.

## **1.5 Location**

The Services shall be performed at such locations as are specified in Appendix A hereto and, where the location of a particular task is not so specified, at such locations, as the OUR may approve.

## **1.6 Authority of**

In case the Consultant consists of a joint venture/ consortium/

<b>Member in Charge</b>	association of more than one entity, the Members hereby authorize the entity specified in the SC to act on their behalf in exercising all the Consultant's rights and obligations towards the OUR under this Contract, including without limitation the receiving of instructions and payments from the OUR.
<b>1.7 Authorized Representatives</b>	Any action required or permitted to be taken, and any document required or permitted to be executed under this Contract by the OUR or the Consultant may be taken or executed by the officials specified in the SC.
<b>1.8 Taxes and Duties</b>	The Consultant, Sub-Consultants, and their Personnel shall pay such taxes, duties, fees, and other impositions levied under the Applicable Law as specified in the SC, the amount of which is deemed to have been included in the Contract Price. For the duration of this Contract, the Consultant shall demonstrate that it has paid all applicable taxes, duties, fees and other impositions as may be levied in Jamaica by the submission to the OUR of a valid Tax Compliance Certificate whenever requested by the OUR.
<b>1.9 Fraud and Corruption</b>	The OUR requires that its bidders, suppliers, contractors and consultants observe the highest standard of ethics during the procurement and execution of its contracts. In pursuit of this policy, the OUR
<b>1.9.1 Definitions</b>	<p>(a) defines, for the purpose of this provision, the terms set forth below as follows:</p> <p>(i) <b>"corrupt practice"</b> means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of an officer or servant of the OUR in the procurement process or in contract execution;</p> <p>(ii) <b>"fraudulent practice"</b> means a misrepresentation or omission of facts in order to influence a procurement process or the execution of a contract, to the detriment of the OUR and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the OUR of the benefits of free and open competition;</p>

(iii) “**collusive practice**” means a scheme or arrangement between two or more bidders, with or without the knowledge of the OUR, designed to establish bid prices at artificial non-competitive levels or to influence the action of any party in the procurement process or the execution of a contract; and

(iv) “**coercive practice**” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the procurement process or affect the execution of a contract;

**1.9.2 Commissions and Fees**

The OUR requires the Consultant to disclose any commissions or fees that may have been paid or are to be paid to agents, representatives, or commission agents with respect to the selection process or execution of the contract. The information disclosed must include at least the name and address of the agent, representative, or commission agent, the amount and currency, and the purpose of the commission or fee.

## 2. COMMENCEMENT, COMPLETION, MODIFICATION AND TERMINATION OF CONTRACT

- |  |  |
|--|--|
| <b>2.1 Effectiveness of Contract</b>   | This Contract shall come into effect on the date the Contract is signed by both Parties or such other later date as may be stated in the SC. The date the Contract comes into effect is defined as the Effective Date.   |
| <b>2.2 Commencement of Services</b>    | The Consultant shall begin carrying out the Services not later than the number of days after the Effective Date specified in the SC.   |
| <b>2.3 Expiration of Contract</b>      | Unless terminated earlier pursuant to Clause GC 2.6 hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the SC.   |
| <b>2.4 Modifications or Variations</b> | Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties.   |
| <b>2.5 Force Majeure</b>               |  |
| <b>2.5.1 Definition</b>                | For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Party and which makes a Party's performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances.   |
| <b>2.5.2 No Breach of Contract</b>     | The failure of a Party to fulfill any of its obligations under this Contract shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event (a) has taken all reasonable precautions, due care and reasonable alternative measures in order to carry out the terms and conditions of this Contract, and (b) has informed the other Party as soon as possible about the occurrence of such an event. |
| <b>2.5.3 Extension of</b>              | Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to   |

---

**Time** the time during which such Party was unable to perform such action as a result of Force Majeure.

**2.5.4 Payments** During the period of its inability to perform the Services as a result of an event of Force Majeure, the Consultant shall not be entitled to payment under the terms of this Contract, except for the OUR's payment liabilities incurred prior to the said suspension of the Contractor's performance of the Services. On resumption of the Consultant's performance of the Services, the OUR's obligation to make payments under the terms of this Contract shall also resume.

## **2.6 Termination**

**2.6.1 By the OUR** The OUR may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (f) of this Clause GC 2.6.1. With the exception of the event referred to in paragraph (f) of this Clause 2.6.1, the OUR shall give not less than thirty (30) days' written notice of termination to the Consultant. The OUR shall give not less than forty-five(45) days' written notice in the case of the event referred to in paragraph (f) of this Clause 2.6.1.

- (a) If the Consultant does not remedy a failure in the performance of its obligations under the Contract, within twenty-one(21) days after being notified or within any further period as the OUR may have subsequently approved in writing.
- (b) If the Consultant becomes insolvent or bankrupt.
- (c) If the Consultant, in the judgment of the OUR has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.
- (d) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) days.
- (e) If the Consultant fails to comply with any final decision reached as a result of arbitration proceedings pursuant to Clause GC 8 hereof.

- (f) If the OUR, in its sole discretion and for any reason whatsoever, decides to terminate this Contract.

## **2.6.2 By the Consultant**

The Consultant may terminate this Contract, by not less than thirty (30) days' written notice to the OUR, such notice to be given after the occurrence of any of the events specified in paragraphs (a) through (c) of this Clause GC 2.6.2:

- (a) If the OUR fails to pay any money due to the Consultant pursuant to this Contract and not subject to dispute pursuant to Clause GC 8 hereof within thirty (30) days after receiving written notice from the Consultant that such payment is overdue.
- (b) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than forty-five(45) days.
- (c) If the OUR fails to comply with any final decision reached as a result of arbitration pursuant to Clause GC 8 hereof.

## **2.6.3 Payment upon Termination**

Upon termination of this Contract pursuant to Clauses GC 2.6.1 or GC 2.6.2, the OUR shall make the following payments to the Consultant:

- (a) payment pursuant to Clause GC 6 for Services satisfactorily performed prior to the effective date of termination;
- (b) except in the case of termination pursuant to paragraphs (a) through (c), and (e) of Clause GC 2.6.1, reimbursement of any reasonable cost incidental to the prompt and orderly termination of the Contract, including, if applicable, the cost of the return travel of the Personnel and their eligible dependents.

## **3. OBLIGATIONS OF THE CONSULTANT**

### **3.1 General**

#### **3.1.1 Standard For Performance**

The Consultant shall perform the Services and carry out its obligations hereunder with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management

practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Consultant shall always act, in respect of any matter relating to this Contract or to the Services, as faithful advisers to the OUR, and shall at all times support and safeguard the OUR's legitimate interests in any dealings with Sub-Consultants or Third Parties.

### **3.2 Conflict of Interests**

The Consultant shall hold the OUR's interests paramount, without any consideration for future work, and strictly avoid conflict with other assignments or its own corporate interests.

#### **3.2.1 Consultants Not to Benefit from Commissions, Discounts, etc.**

The payment of the Consultant pursuant to Clause GC 6 shall constitute the Consultant's only payment in connection with this Contract or the Services, and the Consultant shall not accept for its own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of its obligations under the Contract, and the Consultant shall use its best efforts to ensure that the Personnel, any Sub-Consultants, and agents of either of them similarly shall not receive any such additional payment.

#### **3.2.2 Consultant and Affiliates Not to be Otherwise Interested in Project**

The Consultant agrees that, during the term of this Contract and after its termination, the Consultant and any entity affiliated with the Consultant, as well as any Sub-Consultants and any entity affiliated with such Sub-Consultants, shall be disqualified from providing goods, works or services (other than consulting services) resulting from or directly related to the Consultant's Services for the preparation or implementation of the project.

#### **3.2.3 Prohibition of Conflicting Activities**

The Consultant shall not engage, and shall cause its Personnel as well as its Sub-Consultants and their personnel not to engage, either directly or indirectly, in any business or professional activities which would conflict with the activities assigned to them under this Contract.

### **3.3 Confidentiality**

Except with the prior written consent of the OUR, the Consultant and the Personnel shall not at any time communicate to any person or entity any confidential information acquired in the course of the performance of the Services, nor shall the Consultant and the Personnel make public the recommendations formulated in the course of, or as a result of, the performance of the Services.

- 
- 3.4 Consultant's Actions Requiring OUR's Prior Approval** The Consultant shall obtain the OUR's prior approval in writing before taking any of the following actions:
- (a) entering into a subcontract for the performance of any part of the Services;
  - (b) appointing such members of the Personnel not listed by name in Appendix C; and
  - (c) any other action that may be specified in the SC.
- 3.5 Reporting Obligations**
- (a) The Consultant shall submit to the OUR the reports and documents specified in Appendix B hereto, in the form, in the numbers and within the time periods set forth in the said Appendix.
  - (b) Final reports shall be delivered in CD ROM in addition to the hard copies specified in the said Appendix B.
- 3.6 Documents Prepared by the Consultant to be the Property of the OUR**
- (a) All plans, drawings, specifications, designs, reports, other documents and software submitted by the Consultant under this Contract shall become and remain the property of the OUR, and the Consultant shall, not later than upon termination or expiration of this Contract, deliver all such documents to the OUR, together with a detailed inventory thereof.
  - (b) The Consultant may retain a copy of such documents and software. Restrictions about the future use of these documents, if any, shall be specified in the SC.
- 3.7 Accounting, Inspection and Auditing** The Consultant (i) shall keep accurate and systematic accounts and records in respect of the Services hereunder, in accordance with internationally accepted accounting principles and in such form and detail as will clearly identify all relevant time, charges and costs, and the bases thereof, and (ii) shall periodically permit the OUR or its designated representative and up to two years from the expiration or termination of this Contract, to inspect the same and make copies thereof as well as to have them audited by auditors appointed by the OUR, if so required by the OUR.

#### **4. CONSULTANT'S PERSONNEL**

- 4.1 Description** The Consultant shall employ and provide such qualified and

- of Personnel** experienced Personnel and Sub-Consultants as are required to perform the Services. The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the performance of the Services of the Consultant's Key Personnel are described in Appendix C. The Key Personnel and Sub-Consultants listed by title as well as by name in Appendix C are hereby approved by the OUR.
- 4.2 Removal and/or Replacement of Personnel**
- (a) Except as the OUR may otherwise agree, no changes shall be made in the Key Personnel. If, for any reason beyond the reasonable control of the Consultant, such as retirement, death, medical incapacity, among others, it becomes necessary to replace any of the Key Personnel, the Consultant shall provide as a replacement a person of equivalent or better qualifications.
  - (b) If the OUR finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal act, or (ii) have reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Consultant shall, at the OUR's written request specifying the grounds thereof, replace such person with a person possessing qualifications and experience acceptable to the OUR.
  - (c) The Consultant shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

## **5. OBLIGATIONS OF THE OUR**

- 5.1 Change in the Applicable Law Related to Taxes and Duties** If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost incurred by the Consultant in performing the Services, then the remuneration and reimbursable expenses otherwise payable to the Consultant under this Contract shall be increased or decreased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the amounts referred to in Clauses GC 6.2 (a) or (b), as the case may be.
- 5.2 Services and Facilities** The OUR shall make available free of charge to the Consultant the Services and Facilities listed under Appendix F.

## 6. PAYMENTS TO THE CONSULTANT

- 6.1 Lump-Sum Payment** The total payment due to the Consultant shall not exceed the Contract Price which is an all inclusive fixed lump-sum covering all costs required to perform the Services described in Appendix A. Except as provided in Clause 5.1, the Contract Price may only be increased above the amounts stated in Clause 6.2 if the Parties have agreed to additional payments in accordance with Clause 2.4.
- 6.2 Contract Price** (a) The price payable in foreign currency/currencies is set forth in the SC.
- (b) The price payable in local currency is set forth in the SC.
- 6.3 Payment for Additional Services** For the purpose of determining the remuneration due for additional services as may be agreed under Clause 2.4, a breakdown of the lump-sum price is provided in Appendices D and E.
- 6.4 Terms and Conditions of Payment** Payments will be made to the Consultant according to the payment schedule stated in the SC. Unless otherwise stated in the SC, the first payment shall be made against the provision by the Consultant of an advance payment guarantee for the same amount, and shall be valid for the period stated in the SC. Such guarantee shall be in the form set forth in Appendix G hereto, or in such other form, as the OUR shall have approved in writing. Any other payment shall be made after the conditions listed in the SC for such payment have been met, and the Consultant has submitted an invoice to the OUR specifying the amount due.

## 7. GOOD FAITH

- 7.1 Good Faith** The Parties undertake to act in good faith with respect to each other's rights under this Contract and to adopt all reasonable measures to ensure the realization of the objectives of this Contract.

## 8. SETTLEMENT OF DISPUTES

- 8.1 Amicable Settlement** The Parties agree that the avoidance or early resolution of disputes is crucial for a smooth execution of the Contract and the success of the assignment. The Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Contract or its interpretation.

**8.2 Dispute  
Resolution**

Any dispute between the Parties as to matters arising pursuant to this Contract that cannot be settled amicably within thirty (30) days after receipt by one Party of the other Party's request for such amicable settlement may be submitted by either Party for settlement in accordance with the provisions specified in the SC.
