

PUBLIC NOTICE

J Paul Morgan, Director General - Office of Utilities Regulation is pleased to announce the following appointments effective April 1, 2007:

Ansord Hewitt to the position of Secretary to The Office: Mr. Hewitt joined the OUR in February, 2000 as a Regulatory Economist and was later promoted to the position of Manager – Regulatory Affairs. In his new position he will be accountable to the Director General for coordinating and streamlining the decision-making process of the Office, in accordance with the legislation and policy guidelines as set out in the OUR Act, and other sector specific legislation, the Office's Rules of Procedure, or any other written policy directives to the Office. Mr. Hewitt, who is a Chevening Scholar, is a graduate of the University of the West Indies with a BSc in Economics & Management (Honours). He also holds an MSc in Regulation from the London School of Economics, and a LLB (Honours) Degree from the University of London.

Maurice Charvis to the position of Senior Director – Regulation & Policy: Mr. Charvis joined the OUR in March 1997 in the position of Director Analysis & Research. In his new position, he will be accountable to the Director General for developing, maintaining and deploying the technical competencies of the OUR, thus enabling The Office to discharge its functions efficiently and consistent with its statutory duties. Specifically, the incumbent directs a multi-sector, multi-disciplinary team and is the primary technical policy advisor to The Office for all sectors which fall under the purview of the OUR. He is a graduate of the University of the West Indies with a BSc (1st Class Hons.) in Physics, a BSc (Lower 2nd Class Hons) in Geology and an MSc in Accounting.

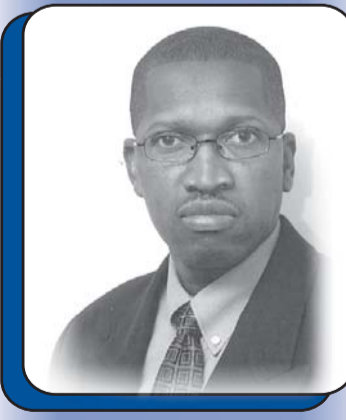

The Director General is also pleased to announce the following senior appointments to the Technical Team reporting to the Senior Director Regulation and Policy, effective June 18, 2007.

Curtis Robinson to the position of Chief – Numbering Administration & Technical Support: Mr. Robinson joined the OUR in August 2001 as a Numbering Administrator. In his new position he will, among other things, oversee and manage the technical and administrative functions and policy implementation relating to the efficient utilisation of numbering resources. He holds an MSc degree in Computer Based Information Systems, a BSc (Honours) Degree in Management Studies, from the University of the West Indies, and a Diploma in Computer Studies from the University of Technology.

Marie Lyn James to the position of Chief – Water & Transportation Regulation: Miss James joined the OUR as an Economist in October 2000, and was later promoted to the position of Senior Regulatory Economist. In her new position, she will have responsibility for the supervision of the Office's functions relating to the Water & Transportation sectors. A graduate of the University of the West Indies, she holds a MSc Degree in Economics, and a BSc (1st Class Honours) Degree in Accounting and Economics. She also has a Post Graduate Diploma from the Coventry University in Communications Management. In addition, she has successfully completed all three levels of the Chartered Financial Analyst (CFA) Programme.

Patrick K. Williams to the position of Chief – Telecommunications Markets: Mr. Williams joined the OUR in 2000 as an Economist, and was later promoted to the position of Senior Regulatory Economist. In his new position Mr. Williams will be responsible for the supervision of the Office's functions relating to the Telecommunications Market. He is a graduate of the University of the West Indies with an MSc Degree in Economics, and a BSc (Honours) Degree in Economics. He also holds a Postgraduate Diploma in Communications Management from Coventry University.

Richard Brown to the position of Chief – Electricity Regulation. Mr Brown joined the OUR in November 2000 as a Senior Economist. In his new position he will be responsible for the supervision of the Office's functions relating to the Electricity sector. Mr Brown holds a BSc Degree in Mathematics with Economics from the University of the West Indies, and an MBA with a major in Finance from the University of Manchester.
