- p. "Sub-Consultant" means any person or entity to whom the Consultant subcontracts any part of the Services.
- q. "Terms of Reference" or "TOR" means the document included in the RFP at Section 5 which explains the objectives, scope of work, activities, tasks to be performed, respective responsibilities of the OUR and the Consultant, and expected results and deliverables of the assignment.

1. Introduction

- 1.1 The OUR will select a consulting firm/organization to provide the Services in accordance with the method of selection specified in the Data Sheet.
- 1.2 Consultants are invited to submit a Technical Proposal and a Financial Proposal for consulting services as specified in the Data Sheet for the consulting services required for the assignment named in the Data Sheet. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.
- 1.3 Consultants should familiarize themselves with local conditions and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and local conditions, Consultants are encouraged to attend the pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is optional. Consultants should contact the OUR's representative named in the Data Sheet to arrange for their visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
- 1.4 The OUR will timely provide, at no cost to the Consultants, the inputs and facilities specified in the Data Sheet, assist the firm in obtaining licences and permits needed to carry out the Services, and make available relevant project data and reports.

1.5 Consultants shall bear all costs associated with the preparation and submission of their proposals and contract negotiation. The OUR is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants.

1.5.1 The OUR is not bound to accept any proposal, and reserves the right not to award a contract to any party with whom we are currently in litigation or in the past engaged in litigation.

Conflict of Interest

1.6 Consultants are required to provide professional, objective, and impartial advice and at all times hold the OUR's interests paramount, strictly avoid conflicts with other assignments or their own corporate interests and act without any consideration for future work.

1.6.1 Without limitation on the generality of the foregoing, Consultants, and any of their affiliates, shall be considered to have a conflict of interest and shall not be contracted, under any of the circumstances set forth below:

Conflicting activities

(i) A firm that has been engaged by the OUR to provide goods, works or services other than consulting services for a project, and any of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works or services other than consulting services resulting from or directly related to the firm's consulting services for such preparation or implementation. For the purpose of this paragraph, services other than consulting services are defined as those leading to a measurable physical output, for example surveys, exploratory drilling, aerial photography, and satellite imagery.

Conflicting

(ii) A Consultant (including its Personnel and Sub-

assignments

Consultants) or any of its affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant to be executed for the OUR or for another procuring entity. For example, a Consultant hired to prepare engineering design for an infrastructure project shall not be engaged to prepare an independent environmental assessment for the same project, and a Consultant assisting the OUR in the privatization of public assets shall not purchase, nor advise the procuring entities of, such assets. Similarly, a Consultant hired to prepare Terms of Reference for an assignment should not be hired for the assignment in question.

Conflicting relationships

- (iii) A Consultant (including its Personnel and Sub-Consultants) that has a business or family relationship with a member of the OUR's staff who is directly or indirectly involved in any part of (i) the preparation of the Terms of Reference of the assignment, (ii) the selection process for such assignment, or (iii) supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the OUR throughout the selection process and the execution of the Contract.

1.6.2 Consultants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of the OUR, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

1.6.3 No agent or current employees of the OUR shall be permitted to work as Consultants in connection with the project to which this RFP relates. Recruiting former employees of the OUR to work on this project is acceptable provided no conflict of interest exists. If the Consultant nominates any Government employee as Personnel in its technical proposal, such Personnel must

have written certification from the Government or their employer confirming that they are on leave without pay from their official position and allowed to work full-time outside of their previous official position. Such certification shall be provided to the OUR by the Consultant as part of its technical proposal.

**Unfair
Advantage**

1.6.4 If a Consultant could derive a competitive advantage from having provided consulting services related to the assignment in question, the OUR shall make available to all other Consultants together with this RFP all information that would in that respect give such Consultant any competitive advantage over competing Consultants.

**Fraud and
Corruption**

1.7 The OUR requires that Consultants, observe the highest standard of ethics during the procurement and execution of its contracts. In pursuit of this policy:

(a) the terms set forth below for the purposes of this provision, are defined as follows:

“corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of a public official in the procurement process or in contract execution;

“fraudulent practice” means a misrepresentation or omission of facts in order to influence a procurement process or the execution of a contract, to the detriment of the OUR and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the OUR of the benefits of free and open competition;

“collusive practice” means a scheme or arrangement between two or more bidders, with or without the knowledge of the OUR, designed to establish bid prices at artificial non-competitive levels or to influence the action of any party in the procurement process or the execution of a contract; and

“coercive practice” means harming or threatening to harm, directly or indirectly, persons or their property to influence

their participation in the procurement process or affect the execution of a contract;

- (b) the OUR will reject a proposal for award if it determines that the Consultant recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for the Contract in question;
- (c) the OUR will sanction a firm or individual, including declaring them ineligible, either indefinitely or for a stated period of time, to be awarded a contract with the OUR if it at any time determines that they have, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing, a contract with the OUR; and
- (d) the OUR will have the right to require that a provision be included in the RFP and in its contracts, requiring Consultants to permit the OUR to inspect their accounts and records and other documents relating to the Bid submission and contract performance and to have them audited by auditors appointed by the OUR.

1.8 Consultants shall furnish information on commissions and gratuities, if any, paid or to be paid to agents relating to this proposal and during execution of the assignment if the Consultant is awarded the Contract, as requested in the Financial Proposal submission form (Section 4).

Origin of Consulting Services

- 1.9 Consulting Services provided under the Contract may originate from any country except where:
- the procurement is covered under a Free Trade Agreement;
 - a multilateral funding agency policy which limits the origin;
 - the procurement is limited to local consultants.

Only one Proposal

1.10 Consultants may only submit one proposal. If a Consultant submits or participates in more than one proposal, such proposals shall be disqualified. However, this does not limit the participation of the same Sub-Consultant, including individual

experts, to more than one Proposal.

- Proposal Validity**
- 1.11 The Data Sheet indicates how long Consultants' Proposals must remain valid after the submission date. During this period, Consultants shall maintain the availability of Professional staff nominated in the Proposal. The OUR will make its best effort to complete contract negotiations within this period. Should the need arise however, the OUR may request Consultants to extend the validity period of their Proposals. Consultants who agree to such extension shall confirm that they maintain the availability of the Professional staff nominated in the Proposal, or in their confirmation of extension of validity of the Proposal, Consultants could submit new staff in replacement, who would be considered in the final evaluation for contract award. Consultants who do not agree have the right to refuse to extend the validity of their Proposals.
- 2. Clarification and Amendment of RFP Documents/ Extension of Deadline for Submission of Proposals**
- 2.1 Consultants may request a clarification of any of the RFP documents up to the number of days indicated in the Data Sheet before the Proposal submission date. Any request for clarification must be sent in writing, or by standard electronic means to the OUR's address indicated in the Data Sheet. The OUR will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Consultants. Should the OUR deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure under paragraph 2.2 of these Instructions to Consultants.
- 2.2 At any time before the submission of Proposals, the OUR may amend the RFP by issuing an addendum in writing or by standard electronic means. The addendum shall be sent to all Consultants and will be binding on them. Consultants shall acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals the OUR may, if the amendment is substantial, extend the deadline for the submission of Proposals.
- 2.3 The OUR reserves the right to extend the deadline for the submission of Proposals for any other reason it may deem fit. Such extension of time shall be notified by way of an addendum issued by the OUR in accordance with paragraph 2.2 of these

Instructions to Consultants.

- 3. Preparation of Proposals**
- 3.1 The Proposal, as well as all supporting documentation and related correspondence exchanged by the Consultants and the OUR, shall be written in the English language.
- 3.2 In preparing their Proposal, Consultants are expected to examine in detail the documents comprising the RFP. Material deficiencies in providing the information requested may result in rejection of a Proposal.
- 3.3 While preparing the Technical Proposal, Consultants must give particular attention to the following:
- (a) If a Consultant considers that it may enhance its expertise for the assignment by associating with other Consultants in a joint venture or sub-consultancy, it may do so. In case of a joint venture, all partners shall be jointly and severally liable and shall indicate in its Technical Proposal who will act as the leader of the joint venture. This indication should be accompanied by any relevant Power of Attorney or other acceptable documentation evidencing the authority of the leader.
 - (b) Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.
 - (c) The estimated number of professional calendar-months or the budget for executing the assignment shall be shown in the Data Sheet, but not both. However, the Proposal shall be based on the number of Professional staff-months or budget estimated by the Consultants.
 - (d) Documents to be issued by the Consultants as part of this assignment must be in English. It is expected that the firm's Personnel be proficient in reading, writing, and speaking English.
- Language**
- Technical Proposal Format and Content**
- 3.4 Consultants are required to submit a Full Technical Proposal (FTP). The Data Sheet indicates the format of the Technical Proposal to be submitted. Submission of the wrong type of Technical Proposal will result in the Proposal being deemed

non-responsive. The Technical Proposal shall provide the information indicated in the following paragraphs from (a) to (g) using the attached Standard Forms (Section 3 of this RFP).

- (a) A brief description of the Consultants' organization and an outline of recent experience of the Consultants and, in the case of joint venture, for each partner, on assignments of a similar nature is required in Form TECH-2 of Section 3. For each assignment, the outline should indicate the names of Sub-Consultants/ Professional staff, duration of the assignment, contract amount, and Consultant's involvement. Information should be provided only for those assignments for which the Consultant was legally contracted as a corporation or as one of the major firms within a joint venture. Assignments completed by individual Professional staff working privately or through other consulting firms cannot be claimed as the experience of the Consultant, or that of the Consultant's associates, but can be claimed by the Professional staff themselves in their CVs. Consultants should be prepared to substantiate the claimed experience if so requested by the OUR.

- (b) Comments and suggestions on the Terms of Reference including workable suggestions that could improve the quality/ effectiveness of the assignment; and on requirements for counterpart staff and facilities including: administrative support, office space, local transportation, equipment, data, etc. to be provided by the OUR (Form TECH-3 of Section 3 of the RFP).

- (c) A description of the approach, methodology and work plan for performing the assignment covering the following subjects: technical approach and methodology, work plan, and organization and staffing schedule. Guidance on the content of this section of the Technical Proposals is provided under Form TECH-4 of Section 3. The work plan should be consistent with the Work Schedule (Form TECH-8 of Section 3) which will show in the form of a bar chart the timing proposed for each activity.

- (d) The list of the proposed professional staff team by area of expertise, the position that would be assigned to each staff team member, and their tasks (Form TECH-5 of Section 3).
- (e) Estimates of the staff input (staff-months of foreign and local professionals) needed to carry out the assignment (Form TECH-7 of Section 3). The staff-months input should be indicated separately for home office and field activities, and for foreign and local professional staff.
- (f) CVs of the professional staff signed by the staff themselves or by the authorized representative of the professional staff (Form TECH-6 of Section 3).
- (g) A detailed description of the proposed methodology and staffing for training.

3.5 The Technical Proposal shall not include any financial information. A Technical Proposal containing financial information may be declared non responsive.

Financial Proposals

3.6 The Financial Proposal shall be prepared using the attached Standard Form (Section 4). It shall list all costs associated with the assignment, including (a) remuneration for staff (foreign and local, in the field and at the Consultants' home office), and (b) reimbursable expenses indicated in the Data Sheet. If appropriate, these costs should be broken down by activity and, if appropriate, into foreign and local expenditures. All activities and items described in the Technical Proposal must be priced separately; activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items.

Taxes

3.7 The Consultant may be subject to Jamaican taxes (such as: value added or sales tax, social charges or income taxes on non-resident foreign Personnel or resident Personnel, duties, fees, levies) on amounts payable by the OUR under the Contract. The Consultant should take any such taxes into account when finalizing its Financial Proposal as it will be responsible for paying such taxes.

All resident/Jamaica based Consultants are required to present

a valid Tax Compliance Certificate (TCC) or Tax Compliance Letter (TCL) issued by the Jamaica tax authorities with its Proposal. For non-resident/foreign Consultants, a valid TCC or TCL will be required prior to execution of the Contract.

3.8 Consultants shall quote the price of their services and costs in the Financial Proposal in United States Dollars. Notwithstanding the foregoing, some or all payments under the Contract to a Consultant which is resident in Jamaica may be made in Jamaican dollars. In this case, the Contract price shall be converted to Jamaican dollars at the prevailing rate of exchange published by the Bank of Jamaica as at the date of execution of the Contract by the OUR and the successful Consultant.

3.9 Commissions and gratuities, if any, paid or to be paid by Consultants and related to the assignment will be listed in the Financial Proposal Form FIN-1 of Section 4.

4. Submission, Receipt, and Opening of Proposals

4.1 The original proposal (Technical Proposal and Financial Proposal) shall contain no interlineations or overwriting, except as necessary to correct errors made by the Consultants themselves. The person who signs the proposal must initial such corrections. Submission letters for both Technical and Financial Proposals should respectively be in the format of TECH-1 of Section 3, and FIN-1 of Section 4, respectively.

4.2 An authorized representative of the Consultants shall initial all pages of the original Technical and Financial Proposals. The authorization shall be in the form of a written power of attorney accompanying the Proposal or in any other form demonstrating that the representative has been duly authorized to sign. The signed Technical and Financial Proposals shall be marked "ORIGINAL".

4.3 The Technical Proposal shall be marked "ORIGINAL" or "COPY" as appropriate and in such number of copies and in such form as indicated in the Data Sheet. All required copies of the Technical Proposal are to be made from the original. If there are discrepancies between the original and the copies of the Technical Proposal, the original shall govern.

4.4 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked "TECHNICAL

PROPOSAL". Similarly, the original Financial Proposal shall be placed in a sealed envelope clearly marked "**FINANCIAL PROPOSAL**" followed by the name of the assignment, and with a warning "**DO NOT OPEN WITH THE TECHNICAL PROPOSAL.**" The envelopes containing the Technical and Financial Proposals shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address, reference number and title, and be clearly marked "**DO NOT OPEN BEFORE 11:00 A.M. EASTERN STANDARD TIME ON 2016 OCTOBER 10**". The OUR shall not be responsible for misplacement, losing or premature opening if the outer envelope is not sealed and/or marked as stipulated. This circumstance may be cause for Proposal rejection. Non-compliance with the requirements specified in this paragraph 4.4 may be a ground for rejection of the Proposal. If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, this will constitute grounds for declaring the Proposal non-responsive.

4.5 The Proposals must be sent to the address indicated in the Data Sheet and deposited in the TENDER BOX provided at that address for this purpose no later than the time and the date indicated in the Data Sheet, or any extension to this date in accordance with paragraph 2.3. Any proposal received by the OUR after the deadline for submission shall be returned unopened.

4.6 The OUR shall open the Technical Proposal immediately after the deadline for their submission, at the date, time and place indicated in the Data Sheet. The envelopes with the Financial Proposal shall remain sealed and securely stored.

5. Proposal Evaluation

5.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultants should not contact the OUR on any matter related to its Technical and/or Financial Proposal. Any effort by Consultants to influence the OUR in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Consultants' Proposal.

Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.

Evaluation of

5.2 The evaluation committee established by the OUR (the

**Technical
Proposals**

“Evaluation Committee”) shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, subcriteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference, or if it fails to achieve the minimum technical score indicated in the Data Sheet.

**Public Opening
and Evaluation
of Financial
Proposals**

- 5.3 After the technical evaluation is completed the OUR shall notify those Consultants whose Proposals did not meet the minimum qualifying mark or were considered non responsive to the RFP and TOR, that their Financial Proposals will be returned unopened after completing the selection process. Where possible the financial proposals should be opened publicly. In this case, the OUR shall simultaneously notify in writing Consultants that have secured the minimum qualifying mark, of the date, time and location for opening of their Financial Proposals. The opening date should allow Consultants sufficient time to make arrangements for attending the opening. Consultants’ attendance at the opening of Financial Proposals is optional.
- 5.4 Financial Proposals shall be opened publicly in the presence of the Consultants’ representatives who choose to attend. The name of the Consultants, and the technical scores of the Consultants shall be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall then be opened, and the total prices read aloud and recorded. Copy of the record shall be sent to all Consultants.
- 5.5 The Evaluation Committee will correct any computational errors in the Financial Proposals. When correcting computational errors, in case of discrepancy between a partial amount and the total amount the partial amount will prevail, or between word and figures the amount in words will prevail. In addition to the above corrections, as indicated under paragraph 3.6, activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items. In case an activity or line item is quantified in the Financial Proposal differently from the Technical Proposal, no

corrections are applied to the Financial Proposal in this respect.

5.6 The lowest evaluated Financial Proposal (Fm) will be given the maximum financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the Data Sheet. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) indicated in the Data Sheet: $S = St \times T\% + Sf \times P\%$. The firm achieving the highest combined technical and financial score will be invited for contract negotiations.

6. Negotiations

6.1 The date and address of negotiations will be notified to the Consultant whose Proposal has received the highest combined score as indicated in paragraph 5.6 above. The invited Consultant will, as a pre-requisite for attendance at the negotiations, confirm availability of all Professional staff indicated in its Proposal. Failure in satisfying such requirements may result in the OUR proceeding to negotiate with the next highest ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude a Contract.

Technical negotiations

6.2 Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, and organization and staffing, and any suggestions made by the Consultant to improve the Terms of Reference. The OUR and the Consultants will finalize the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as "Description of Services". Special attention will be paid to clearly defining the inputs and facilities required from the OUR to ensure satisfactory implementation of the assignment. The OUR shall prepare minutes of negotiations which will be signed by the OUR and the Consultant.

Financial negotiations

6.3 It is the responsibility of the Consultant, before starting financial negotiations, to contact the local tax authorities to determine the local tax amount, if any, to be paid by the Consultant under the Contract. The financial negotiations will include a clarification (if any) of the firm's tax liability in Jamaica, and the manner in which it will be reflected in the Contract; and will

reflect the agreed technical modifications in the cost of the services. Unless there are exceptional reasons, the financial negotiations will involve neither the remuneration rates for staff nor other proposed unit rates.

- | | | |
|---|-----|--|
| Availability of Professional staff/experts | 6.4 | Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the OUR expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, the OUR will require assurances that the Professional staff will be actually available. The OUR will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the Proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and be submitted by the Consultant within the period of time specified in the letter of invitation to negotiate. |
| Conclusion of the negotiations | 6.5 | Negotiations will conclude with a review of the draft Contract. To complete negotiations the OUR and the Consultant will initial the agreed Contract. If negotiations fail, the OUR may invite the Consultant whose Proposal received the second highest combined score to negotiate a Contract. |
| 7. Award of Contract | 7.1 | After completing negotiations, the OUR shall award the Contract to the selected Consultant and publish notice of the award on its website. After Contract signature, the OUR shall promptly notify all other Consultants who have submitted proposals of the award and return the unopened Financial Proposals to the unsuccessful Consultants. |
| | 7.2 | The Consultant is expected to commence the assignment on the date and at the location specified in the Data Sheet. |
| 8. Confidentiality | 8.1 | Information relating to evaluation of Proposals and recommendations concerning awards shall not be disclosed to the Consultants who submitted Proposals or to other persons not officially concerned with the process, until the publication of the award of Contract. The undue use by any Consultant of |

confidential information related to the process may result in the rejection of its Proposal.

Total points for criterion (iii): 40

The number of points to be assigned to each of the above positions or disciplines in the key professional staff qualifications and competence criteria shall be determined considering the following three subcriteria and relevant percentage weights:

- 1) Academic qualifications*up to 20%**
 - a) Master’s degree and above.....up to 20%
 - b) Bachelor’s Degree only.....up to 15%

- 2) Professional Experience in the telecommunications sector
.....up to 30%**

- 3) Experience on similar projects.....up to 50%**
- Total weight: 100%**

TOTAL POINTS FOR THE THREE CRITERIA: 100

^Δ While the composition of the Consultant’s team is expected to have the three (3) mentioned functional roles, the Consultant may assign more or less than three (3) persons if it desires. That is, the Consultant may indicate in its bid that a particular function will be carried out by more than one person or that one person will carry out more than one or all functions. Where more than one person is identified for a particular functional role, each person will be scored with an arithmetic average of the score taken to arrive at the final score for the functional role. Scoring will be based on the three (3) functional areas identified. As such, the scoring will depend on the ability and experience of the named person(s) to carry out the specific function.

1) * Academic qualifications in law for the Attorney-at-law from a common law jurisdiction is required. Post graduate qualification in areas specific to contract law and telecommunications is an asset. Experience and involvement in similar projects will be an advantage.

	<p>The minimum technical score S_t required to pass is <u>80</u> Points.</p>
5.6	<p>The formula for determining the financial scores is the following:</p> <p>$S_f = 100 \times F_m / F$ S_f is the financial score F_m is the lowest price F is the price of the proposal under consideration.</p> <p>The weights given to the Technical and Financial Proposals are: $T = 0.7$ $P = 0.3$</p>
7.2	<p>Expected date for commencement of the Services: 2016 December 29</p> <p>The date and location for commencement of the Services will however be confirmed and specified in the Contract executed with the successful Consultant.</p>

Section 5. Terms of Reference

Consultancy for the Development of Guidelines Related to Unfair Contract Terms and the Assessment of Customer Contracts in the Telecommunications Sector

AND

For the Development of Pecuniary Penalty Regime for Offences Against the Telecommunications Act and Regulations made under the Telecommunications Act

This Project is divided into two (2) parts with each section having its own set of deliverables. The Consultant is expected to adhere to the scope of services for each section and simultaneously achieve the stated deliverables for both Parts I and II as outlined in the timeline schedule in this Terms of Reference.

A. INTRODUCTION

A.1 Industry Background

A.1 The Jamaican telecommunications landscape has undergone significant developments over the last seventeen (17) years. The market has gone from one controlled by a monopoly firm to a liberalised environment. Before the opening up of the market only two telecommunications licences were issued. Since then, over four hundred service providers have been licensed to operate. However, many of them are no longer in operation.

A.3.2 At present, there are approximately 256,269 fixed line subscribers for a penetration rate in the region of 9.41%. For mobile, there are approximately 3.0 million subscribers for a penetration rate of 110.0%. Prepaid subscribers account for approximately 95% of all mobile subscribers. There are approximately 1.46 million internet subscribers for a penetration rate of 54%. The majority of internet subscribers (89%) are mobile broadband consumers.

A.3.3 The two main providers of fixed telecommunication and internet services are Cable & Wireless Jamaica Limited (“CWJ”) and Columbus Communications Jamaica Limited (“CCJ”). CWJ operates a traditional circuit switched copper based PSTN while CCJ offers its service using fibre to the curb and coaxial cable from the curb to the home. Digicel (Jamaica) Limited trading as Digicel also offers fixed telephony services using WiMAX wireless broadband technology which is marketed to business customers. Digicel in September 2013 launched a fixed home phone service using its GSM network. Digicel through its Digicel Play service aims to run fibre to the home to provide fixed line, internet, and television services. CWJ is the industry leader in fixed services with respect to market share, traffic, and revenue. With respect to fixed broadband service, there is a fairly even market share between CWJ and CCJ. The parent company of CWJ has recently acquired the parent company of CCJ. Both CWJ and CCJ are currently offering services in Jamaica under a merged brand name –

“FLOW”. It is envisaged that there may eventually be a merging of the networks for efficiency purposes.

- A.3.4 There are two licensed mobile service providers operating in the telecommunications sector. These are Digicel and CWJ. Digicel is the industry leader in mobile telephony and mobile data services with respect to market share, traffic, and revenue.

PART I - Development of Guidelines Related to Unfair Contract Terms and the Assessment of Customer Contracts in the Telecommunications Sector

B. BACKGROUND

B.1 Introduction

- B.1.1 For this section of the Consultancy, the Consultant will be expected to examine existing legislation and international best practice relative to current service level agreements (SLAs), standard and/or general terms and conditions of service and other forms of contracts with customers to determine those conditions that are to be considered unreasonable, unfair and should not be enforceable. The project is not limited to making a determination of contract terms which currently obtain, but also includes a more general assessment and determination of what terms and conditions are reasonable for inclusion in customer contracts. A part of the outcome of this section of the project is the creation of a document that will serve as a guideline to licensees when formulating their SLAs and standard terms and conditions for their customer contracts. Also, to the extent necessary, directives will be issued to licensees to modify or remove clauses from their existing customer contracts that are determined to contain unfair contract terms.

B.2 Legal Framework

- B.2.1 The OUR was established under the Office of Utilities Regulation Act (the “OUR Act”) to regulate certain utility services, as specified in the First Schedule to that Act, including the provision of telecommunication services.
- B.2.2 In addition to its general powers to regulate the services specified in the OUR Act, the OUR also has specific powers and functions in relation to the regulation of the telecommunications sector under the Telecommunications Act, as amended by the Telecommunications (Amendment) Act, 2012 (hereinafter referred to as “the Telecommunications Act”). Among those powers and functions is the responsibility to promote the interests of customers, while having due regard to the interests of carriers and service providers. In the exercise of its various functions the OUR must assess market conditions and industry needs. It also has responsibility for ensuring that consumers are protected in their dealings with licensees, and are accorded with a level of service at or above an established minimum quality.

B.2.3 The legal framework governing consumer protection in the Telecommunications Act is set out at Sections 43 to 49 inclusive. Particularly, Section 44 of the Telecommunications Act deals specifically with quality of service to consumers and states:

“44 (1) Providers of facilities or specified services to consumers shall use reasonable endeavours to ensure that those facilities or specified services are-

- (a) reliable;*
- (b) provided with due care and skill; and*
- (c) rendered in accordance with the standards reasonably expected of a competent provider of those facilities or specified services.*

(2) A complaint may be made to the Office by any customer who is dissatisfied with the facilities or specified services provided to him by a carrier or service provider or who claims to be adversely affected by the actions of a carrier or service provider.

(3) The Office may -

(a) after consultation with the Minister, make rules prescribing quality standards for the provision of facilities or specified services in relation to all licensees, and relating to the administration and resolution of customer complaints; and

(b) direct the licensees to conduct all required associated measurements and to report to the Office thereon in such manner and at such intervals as the Office may determine.

(4) Rules made under subsection (3) regarding customer complaints shall be applicable to, and shall be observed by, all licensees.

(5) The Office may -

(a) examine customer contracts in respect of facilities or specified services; and

(b) direct the modification of any term of such a contract which appears to the Office to be unreasonable or unfair”.

B.2.4 Section 44(5) of the Telecommunications Act gives OUR the power to review customer contracts with respect to facilities or specified services and give instructions as to what modifications are needed to remove terms which the OUR deems to be unreasonable or unfair to the customer.

B.2.5 It should be noted that Jamaica has a Consumer Protection Act which provides general protection to consumer in their purchase of all goods and services. Sections 36 to 43 inclusive of that Act, in particular, address the issue of unfair contract terms.

C. OBJECTIVE

C.1.1 The OUR's position is that customers of specified services and facilities should be protected from contracts for service which contain clauses that are unreasonable and/or unfair. By virtue of section 44(5) of the Telecommunications Act, the OUR has the power to review customer contracts for facilities and specified services and mandate the modification of terms which, in the OUR's opinion, are unreasonable or unfair to customers. The Telecommunications Act does not provide details as to what is to be considered unreasonable and unfair and instead leaves it to the judgment of the OUR. The main purpose of the project is therefore to retain the services of a Consultant to develop guidelines, in consultation with interested stakeholders, and taking into account local and international laws and best practices, as to what is to be considered unreasonable and unfair contract terms with respect to customer contracts for telecommunications services and facilities.

C.1.2 Through this project, the OUR aims to develop guidelines to be used by licensees when drafting their customer contracts. These guidelines will seek to limit the ability of licensees to take advantage of the weaker bargaining power of customers in their dealings.

C.1.3 It is expected that the Consultant will review all existing customer contracts being used by licensees to develop an understanding of what currently exists and to determine where modifications may be required to eliminate unreasonable or unfair terms. At present, the OUR does not have copies of these customer contracts as there is no requirement for these to be filed with the OUR. However, as part of the data gathering process, the Consultant will be able to request, through the OUR, copies of these and any other documents that it requires from licensees in order to carry out its assessment.

C.1.4 More generally, the Consultant will be expected to prepare detailed guidelines to be issued by the OUR to inform licensees as to what may or may not be included in customer contracts.

D. SCOPE OF SERVICES

D.1 Data Gathering

D.1.1 The Consultant will be required to thoroughly review all pertinent legislation to develop an understanding of the legal parameters of what the OUR can mandate with respect to this aspect of the project. It is also expected that the Consultant will gather relevant data from similar projects, practices and legislation in other jurisdictions, of

which elements should be referenced in a Consultation Document to justify the reasonableness of what is being proposed by the OUR. Further, the Consultant will review all existing customer contracts being used by licensees to develop an understanding of what currently exists and to determine where modifications may be required.

D.2 **Consultation Document**

D.2.1 The Consultant will be expected to develop a detailed Consultation Document which will form the basis of consultations with interested stakeholders on the type of clauses that should not be included in customer contracts on the grounds of unfairness or unreasonableness. The document should be exhaustive and assess all types of clauses that licensees may seek to include in their contracts with customers. Where the document proposes that certain types of clauses be excluded, it should provide clear justification for the position being taken. The Consultation Document should address the following:

- (i) The language used in customer contracts. That is, how easy it is for the average customer to read the contract and clearly understand what the clauses mean;
- (ii) Whether service providers are allowed to include clauses to allow for a wide interpretation which could be potentially detrimental to a customer;
- (iii) The appropriateness of the use of fine print and hidden terms in customer contracts; and
- (iv) Whether it is fair to include in customer contracts subjecting clauses or company policies not specifically detailed in the customer contract. These may include references to a service provider's fair usage policy, in which case, such policies and their rationale should be assessed for appropriateness and fairness to customers.

In general, the OUR expects contracts to be fairly balanced so that licensees are not provided with greater rights or benefits than customers in equivalent circumstances.

D.2.2 The Consultation Document should include, but not be limited to, discussions in the following areas:

- A general discussion of what are fair and unfair contract terms in customer contracts and how this process intends to protect customers;
- The appropriateness of disclaimers and exemption clauses. Where these clauses are deemed appropriate, a discussion of how they should be structured so as not to limit the rights of consumers;
- Clauses that in effect have no legal basis but whose inclusion in a contract may cause customers to think that they are legally binding;
- Clauses that put a time limit on customers' ability to make a claim;

- Guarantees offering more limited rights than are available under the law;
- Terms that bind customers while allowing the service provider to provide no or substandard service;
- Clauses that address deposits, prepayments, and refunds;
- Clauses that give a right or benefit to the licensee without giving similar right or benefit to the customer in an equivalent circumstance;
- Terms that deal with penalties, financial and otherwise;
- Clauses that deal with cancellation;
- Terms that bind the customer to a service provider;
- Clauses that allow the licensee to vary the terms of the contract, including price;
- Terms that give the licensee the right to transfer its obligation to provide a service to another licensee;
- Terms that limit remedies to customers or their right to redress;
- Clauses that deal with arbitration and the settlement of disputes;
- Any contract term that could have the effect of depriving customers of protection normally afforded to them under the law;
- Terms that restrict the use of the product to compete with the service provider in the same or other markets; and
- The process by which undesirable clauses should be removed from or modified in existing contracts.

D.3 **Decision Document**

D.3.1 As a result of the consultation with stakeholders, comments on the Consultation Document will likely be received. There will also be a further period allowed for stakeholders to respond to comments of other stakeholders. The Consultant will be expected to draft a Decision Document which outlines the final position of the OUR on the matters discussed in the Consultation Document. The Decision Document will serve as the guidelines to the industry on the preparation of fair and reasonable customer contracts. In preparing this Decision Document, the Consultant will evaluate any comments and responses received from stakeholders on the Consultation Document and ensure that each concern raised by stakeholders in their comments and responses is satisfactorily addressed.

D.4 Review of Existing Customer Contracts

D.4.1 Concurrently with the preparation of the Decision Document, the Consultant will use the guidelines it intends to finalise in the Decision Document to prepare a report for the OUR. The report should indicate existing provisions in customer contracts that are unreasonable and/or unfair and recommend the necessary remedial actions or modifications to remove the effects of such provisions. The suggested corrective measures should accord with the powers afforded to the OUR under the Telecommunications Act. The report should be organised in such a manner that each chapter is dedicated to a particular licensee and further segmented by type of customer contract.

E.1 PHASES/DELIVERABLES

E.1.1 This section of the consultancy is expected to have three (3) distinct phases, each with its own set of deliverables. The First Phase will cover the project kick off and data collection. In this phase, the Consultant shall meet with the OUR to develop a further appreciation of what the OUR requires and get a better understanding of the OUR's consultative process. The Consultant may also use this period to seek clarification on any issue it may have. At the meeting with the OUR, the Consultant shall indicate what data it requires from the OUR to execute the project effectively. The deliverable from the First Phase is a written data request.

E.1.2 The Second Phase for Part I of the project will deal with the consultation with stakeholders. In this phase, the Consultant shall prepare the Consultation Document for publication by the OUR. This phase also covers the receipt of comments from stakeholders. The deliverable from the Second Phase is a Consultation Document.

E.1.3 In the Third Phase, the Consultant will prepare the Decision Document for publication by the OUR, incorporating any comments received to the Consultation Document. This will serve as the guideline to the industry on the preparation of fair customer contracts. During this phase, the Consultant will also prepare a Report reviewing existing customer contracts being used by licensees to determine whether there are unfair contract terms and indicate what corrective measures are required. The basis of the review of the customer contracts will be the guidelines and principles which the Consultant intends to outline in the Decision Document. The deliverables from the Third Phase are a Decision Document and a Report covering the review of existing customer contracts.

E.1.4 It should be noted that the Consultant may propose a different phasing for the project in its proposal, with justification to support the suggested changes.

PART II - Development of Pecuniary Penalty Regime for Offences against the Telecommunications Act and Regulations made under the Telecommunications Act

F. BACKGROUND

F.1 Introduction

F.1.2 The regulation of the telecommunications sector in Jamaica is apportioned to three separate organisations, the OUR, Fair Trading Commission (FTC), and Spectrum Management Authority (SMA).

F.1.4 The FTC is responsible for promoting competition in all economic sectors and ensuring that consumers are protected from anti-competitive practices. Chief among these practices with regards to the telecommunications sector is the abuse of dominance. Pursuant to the Telecommunications Act, the OUR may refer matters to the FTC where the OUR determines that the matter falls within the functions of the FTC.

F.1.5 The SMA has responsibility for overseeing all spectrum related activities including band planning and frequency allocation, monitoring of the spectrum and inspection of facilities, interference management, enforcement to preserve the spectrum rights of all existing legitimate users of the spectrum, and spectrum related licensing management.

F.2 Legal Framework

F.2.1 The authority of the OUR to apply a pecuniary penalty regime for licensees who commit an offence against the Telecommunications Act or regulations made thereunder comes from Section 63B of that Act which states:

“63B. (1) This section applies to an offence against this Act and regulations made under this Act being a prescribed offence.

(2) Where the Office or Authority, as the case may be, believes that a person has committed an offence in relation to its area of regulation and to which this section applies, the Office or Authority may give that person the prescribed notice in writing offering the opportunity of the discharge of liability to conviction for that offence by payment to the Office or Authority, as the case may be, in the manner specified in the notice, of the prescribed pecuniary penalty applicable.

(3) A person shall not be liable to be convicted of any offence referred to in subsection (2) if the pecuniary penalty is paid in accordance with this section and any requirement in respect of which the offence was committed is complied with before the expiration of the period specified in the notice referred to in subsection (2) and shall be a date not less than twenty-one days following the issue of the notice.

(4) Where any person pays the pecuniary penalty in accordance with subsection (3) and complies with any other requirement specified in the notice, the Office or Authority, as the case may be, shall accept that amount as complete satisfaction of any liability to conviction.

(5) *Payment of a pecuniary penalty under this section shall be made to the Office or Authority, as the case may be, which shall cause it to be paid into the Consolidated Fund.*

(6) *In any proceedings for an offence to which this section applies, a certificate that payment of the pecuniary penalty was or was not made to the Office or Authority, as the case may be by a date specified in the certificate shall, if the certificate purports to be signed by the Office or, as the case may be, the Authority, be sufficient evidence of the facts stated, unless the contrary is proved.*

(7) *A notice under subsection (2) shall -*

(a) specify the offence alleged;

(b) give such particulars of the offence as are necessary for giving reasonable information of the allegation; and

(c) state the period during which, by virtue of subsection (3), proceedings will not be taken for the offence, the amount of the pecuniary penalty, and the address at which the pecuniary penalty may be paid.

(8) *In any proceedings for an offence to which sub-section (2) applies, no reference shall be made after the conviction of the accused to the giving of any notice under this section or to the payment or non-payment of a penalty there-under unless, in the course of the proceedings or in some document which is before the court in connection with the proceedings, reference has been made by or on behalf of the accused to the giving of such a notice or, as the case may be, to such a payment or non-payment.*

(9) *The Minister may make regulations providing for any matter incidental to the operation of this section, and in particular*

(a) prescribing the offences to which this section applies;

(b) prescribing the form of notice under subsection (2), and the place at which a pecuniary penalty is payable; and

(c) prescribing the duties of the Office and Authority and the information, with regard to any payment made pursuant to a notice under this section, to be supplied to the Office or Authority, as the case may require.”

G. OBJECTIVE

G.1.1 A pecuniary penalty regime has not yet been established for licensees who commit an offence against the Telecommunications Act or regulations made under the Telecommunications Act. The power to implement pecuniary penalties was included in the Telecommunications Act when the Telecommunications Act was amended in 2012. The OUR is therefore seeking a Consultant to develop guidelines which will inform the recommendations to be made to the Minister regarding the implementation of a pecuniary penalty regime for licensees who wishes to discharge their liability to conviction by making a payment to the OUR.

G.1.2 It is expected that the Consultant will review the relevant legislation to determine the specific offences to which the OUR may apply a fixed pecuniary penalty. Section 63 (1) and (2) of the Telecommunications Act describe some of the situations where a person is deemed to have committed an offence. All the offences in this section apply to the OUR's area of regulation.

“63 (1) A person commits an offence if he

(a) provides false or misleading information to the Office;

(b) fails to furnish any equipment, record, document or other information requested by the Office; or

(c) destroys or alters or causes to be destroyed or altered, any equipment, record, document or other information required to be so furnished.

(2) A person commits an offence if he engages in any of the following conduct

(a) operates or knowingly facilitates any bypass operation in contravention of this Act or regulations made under this Act;

(b) owns or operates an unlicensed facility;

(c) provides any specified services to the public without a licence issued under this Act;

(d) undertakes or embarks upon any course of action which could reasonably be expected to result in the disruption or interruption of the telecommunications industry; or

(e) breaches any order of the Office issued pursuant to subsection (3).”

G.1.3 Section 63A of the Telecommunications Act provides further instances where a person may be deemed to have committed an offence. Some of these offences relate directly to the OUR's area of regulation while others relate to areas covered by the SMA.

“63A.-(1) A person commits an offence if he engages in any of the following conduct –

(a) provides false or misleading information to the Authority or to, the Minister whether in support of an application under or any other matter in relation to this Act;

(b) engages in the use of the spectrum without first obtaining a spectrum licence;

(c) Fails to furnish any equipment, record, document or other information requested by the Authority pursuant to this Act;

- (d) destroys or alters or causes to be destroyed or altered, any equipment, record, document or other information required to be so furnished;*
- (e) Being a spectrum licensee, utilizes frequencies other than those for which authorization was granted by the Authority or the Minister;*
- (f) fails to comply with a request or directive issued by the Authority or Minister in the manner and within the timeframe stipulated;*
- (g) being a spectrum licensee, fails to pay spectrum licence fees and regulatory fees prior to the commencement of the relevant licensing period and in accordance with the terms and conditions of the spectrum licence;*
- (h) breaches orders, directives, determinations or memoranda issued by the Authority;*
- (i) behaves in a manner which contravenes the provisions of
 - (i) this Act or any regulations made under the Act;*
 - (ii) any spectrum licence; or*
 - (iii) orders, directives, determinations or memoranda of the Authority;**
- (j) breaches any order of the Authority issued pursuant to subsection (2).*
- (k) obstructs, hinders or prevents any authorized officer from entering premises for the purposes of carrying out an investigation under this Act;*
- (l) wilfully uses any apparatus for the purpose of causing harmful interference.”*

G.1.4 There are other sections of the Telecommunications Act that specify actions that are deemed to be offences or contraventions of Telecommunications Act. The Consultant is therefore expected to conduct a thorough review of the Telecommunications Act to determine all possible offences to which the pecuniary penalty regime shall be applied.

G.1.5 Further, Section 63B (9) of Telecommunications Act gives the Minister the power to prescribe offences to which a pecuniary penalty may be applied. In this regard, the Consultant should also examine whether there are other undesirable actions or activities that licensees could engage in which are not already listed as offences in the Telecommunications Act but for which a recommendation should be made to the Minister to have them listed as prescribed offences under Section 63 of the Telecommunications Act.

H. SCOPE OF SERVICES

Data Gathering

H.1.1 The Consultant will be required to thoroughly review all pertinent legislation to develop an understanding of the legal parameters of what the OUR can mandate with

respect to this section of the project. In particular, the Consultant should review the Telecommunications Act to determine all those offences to which the penalty guidelines can be applied and the maximum amount of any such penalty. It is also expected that the Consultant will gather relevant data from similar projects, practices and legislation in other jurisdictions, of which elements should be referenced in a Consultation Document to justify the reasonableness of what is being proposed by the OUR. This may also help the Consultant to identify whether there are other actions in which licensees may engage which are not listed as offences in the Telecommunications Act but are undesirable and a recommendation should be made to the Minister to have them listed as prescribed offences.

H.2 **Consultation Document**

H.2.1 The Consultant will be expected to develop a detailed Consultation Document which will form the basis of consultations with interested stakeholders on how the pecuniary penalty will be determined and applied to each offence. The Consultation Document should address the following:

- a) the offences to which the regime should be applied;
- b) the maximum penalty for each offence;
- c) any proposed recommendations to the Minister relating to other undesirable actions not currently listed as offences in the Telecommunications Act that ought to be deemed prescribed offences;
- d) whether a pecuniary penalty should be determined and assigned to each type of offence irrespective of the circumstances associated with a specific occurrence of the offence;
 1. How the amount of this pecuniary penalty will be determined for each type of offence.
- e) whether a flexible and transparent pecuniary penalty regime can be designed that will treat with each offence based on the circumstances associated with the particular occurrence of the offence. This would consider issues such as:
 1. the benefit gained from committing the offence;
 2. the damage caused to others by the offence;
 3. the turnover of the operator that committed the offence;
 4. whether the operator has been punished for this type of offence before;
 5. minimum penalty for each offence;
 6. the deliberate nature or level of recklessness associate with the occurrence of the offence;
 7. the duration over which the offence was committed;
 8. the relevance of precedence in setting the penalty for the occurrence of a particular type of offence;
 9. measures taken to prevent the occurrence of the offence;
 10. steps taken to remedy the damage caused by the offence;
 11. the level of cooperation with the OUR's investigation of the offence.

H.3 Recommendation Document

H.3.1 As a result of the consultation with stakeholders, comments on the Consultation Document will likely be received. There will also be a further period allowed for stakeholders to respond to comments of other stakeholders. The Consultant will be expected to draft a Recommendation Document which will outline the final position of the OUR on the matters discussed in the Consultation Document. This Recommendation Document will be used to inform the recommendations to be made to the Minister regarding the pecuniary penalty regime. In preparing this Recommendation Document, the Consultant will evaluate any comments and responses to comments received from stakeholders on the Consultation Document and ensure that each concern raised by stakeholders is satisfactorily addressed.

I.1 PHASES/DELIVERABLES

I.1.1 For this part of the project, the consultancy is expected to have three (3) distinct phases, each with its own set of deliverables. The First Phase will cover the project kick off. In this phase, the Consultant shall meet with the OUR to develop a further appreciation of what the OUR requires and get a better understanding of the OUR's consultative process. The Consultant may also use this period to seek clarification on any issue it may have. At the meeting with the OUR, the Consultant shall indicate what data, if any, it requires from the OUR to execute the project effectively. The deliverable from the First Phase is a written project initiation report outlining timelines and milestones for the project.

I.1.2 In the Second Phase the Consultant shall meet with the SMA, Office of the Attorney General, Office of the Chief Parliamentary Counsel, the Ministry and other stakeholders to gather any information which the Consultant deems relevant for the successful completion of the project. The Consultant is also expected to prepare the Consultation Document to outline the proposed guidelines for determining the penalty for offences. This document will be used to solicit comments from stakeholders. This phase also covers the receipt of comments from stakeholders and responses to comments. The deliverable from the Second Phase is a Consultation Document.

I.1.3 In the Third Phase, the Consultant will prepare the Recommendation Document which will be used to inform the Recommendation to be made to the Minister for his consideration, incorporating any comments received to the Consultation Document. This document will outline the OUR's proposed regime to the Minister on how the penalty for offences should be determined and applied. The deliverable from the Third Phase is a Recommendation Document.

I.1.4 It should be noted that the Consultant may propose a different phasing for the project in its proposal, with justification to support the suggested changes.

N.B. The following sections are applicable to both Parts I and II of the Project

J.1 TEAM COMPOSITION

J.1.1 The composition of the Consultant's team is expected to have the following three (3) functional roles. The Consultant may indicate more or less than three (3) persons if it desires. That is, the Consultant may indicate in its bid that a particular function will to be carried out by more than one person or that one person will carry out more than one or all functions. Where more than one person is identified for a particular functional role, each person will be scored and an arithmetic average of their scores taken to arrive at the final score for the functional role. Scoring will be based on the three (3) functional areas identified. As such, the scoring will depend on the ability and experience of the named person(s) to carry out the specific function.

2) **Team Leader** – is the project manager with overall reporting responsibility to the OUR. The team leader is charged with coordinating the activities of the rest of the team to ensure the successful completion of the project. This person will be the OUR's point of contact/liaison and will be responsible for providing updates on the project's progress.

3) **Attorney-at-Law** – should have the appropriate qualifications and experience to assess the relevant legislations, international practice and current customer contracts and determine what is to be considered fair and reasonable, in keeping with applicable law and practice, with respect to customer contracts. The Attorney-at-Law should also be able to assess the relevant legislations and international practice and determine appropriate penalty guidelines, in keeping with applicable law and practice. Academic qualification in law from a common law jurisdiction is required. Post graduate qualifications in areas specific to contract law and telecommunications are an asset. Experience and involvement in similar projects will be an advantage.

4) **Telecommunications Analyst** – should have the relevant qualification and telecommunications experience to understand issues peculiar to the industry and why licensees may have included or want to include certain terms in their customer contracts; and be able to assess the best options available relative to the penalty guidelines.

K.1 TIME SCHEDULE

K.1.1 The OUR anticipates that this consultancy will last for a maximum of seven (7) calendar months to be broken down as indicated. It should be noted that the OUR's process for consulting with stakeholders allows for a minimum of four (4) weeks to

respond to the Consultation Document and a minimum of another two (2) weeks to comment on responses to the Consultation Document.

- Phase 1 – Kick off and data gathering
→ 1 month
- Phase 2 – Consultation with stakeholders
→ 4 months
- Phase 3 – Prepare decision and review contracts for Part I of project and
Prepare Recommendation Document for Part II of the project
→ 2 months

- 1.3 Language** This Contract has been executed in the English language, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Contract.
- 1.4 Notices**
 - 1.4.1** Any notice, request or consent required or permitted to be given or made pursuant to this Contract shall be in writing. Any such notice, request or consent shall be deemed to have been given or made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent to such Party at the address specified in the SC.
 - 1.4.2** A Party may change its address for notice hereunder by giving the other Party notice in writing of such change to the address specified in the SC.
- 1.5 Location** The Services shall be performed at such locations as are specified in Appendix A hereto and, where the location of a particular task is not

so specified, at such locations, as the OUR may approve.

- 1.6 Authority of Member in Charge** In case the Consultant consists of a joint venture/ consortium/ association of more than one entity, the Members hereby authorize the entity specified in the SC to act on their behalf in exercising all the Consultant's rights and obligations towards the OUR under this Contract, including without limitation the receiving of instructions and payments from the OUR.
- 1.7 Authorized Representatives** Any action required or permitted to be taken, and any document required or permitted to be executed under this Contract by the OUR or the Consultant may be taken or executed by the officials specified in the SC.
- 1.8 Taxes and Duties** The Consultant, Sub-Consultants, and their Personnel shall pay such taxes, duties, fees, and other impositions levied under the Applicable Law as specified in the SC, the amount of which is deemed to have been included in the Contract Price. For the duration of this Contract, the Consultant shall demonstrate that it has paid all applicable taxes, duties, fees and other impositions as may be levied in Jamaica by the submission to the OUR of a valid Tax Compliance Certificate or Tax Compliance Letter whenever requested by the OUR.
- 1.9 Fraud and Corruption**
- 1.9.1 Definitions** The OUR requires that its bidders, suppliers, contractors and consultants observe the highest standard of ethics during the procurement and execution of its contracts. In pursuit of this policy, the OUR:
- (a) defines, for the purpose of this provision, the terms set forth below as follows:
- (i) **"corrupt practice"** means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of an officer or servant of the OUR in the procurement process or in contract execution;
- (ii) **"fraudulent practice"** means a misrepresentation or

omission of facts in order to influence a procurement process or the execution of a contract, to the detriment of the OUR and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the OUR of the benefits of free and open competition;

(iii) “**collusive practice**” means a scheme or arrangement between two or more bidders, with or without the knowledge of the OUR, designed to establish bid prices at artificial non-competitive levels or to influence the action of any party in the procurement process or the execution of a contract; and

(iv) “**coercive practice**” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the procurement process or affect the execution of a contract.

- 1.9.2 Commissions and Fees** The OUR requires the Consultant to disclose any commissions or fees that may have been paid or are to be paid to agents, representatives, or commission agents with respect to the selection process or execution of the contract. The information disclosed must include at least the name and address of the agent, representative, or commission agent, the amount and currency, and the purpose of the commission or fee.

2. COMMENCEMENT, COMPLETION, MODIFICATION AND TERMINATION OF CONTRACT

- 2.1 Effectiveness of Contract** This Contract shall come into effect on the date the Contract is signed by both Parties or such other later date as may be stated in the SC. The date the Contract comes into effect is defined as the Effective Date.
- 2.2 Commencement of Services** The Consultant shall begin carrying out the Services not later than the number of days after the Effective Date specified in the SC.
- 2.3 Expiration of Contract** Unless terminated earlier pursuant to Clause GC 2.6 hereof, this Contract shall expire at the end of such time period after the

Effective Date as specified in the SC.

2.4 Modifications or Variations

Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties.

2.5 Force Majeure

2.5.1 Definition

For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Party and which makes a Party's performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances.

2.5.2 No Breach of Contract

The failure of a Party to fulfill any of its obligations under this Contract shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event (a) has taken all reasonable precautions, due care and reasonable alternative measures in order to carry out the terms and conditions of this Contract, and (b) has informed the other Party as soon as possible about the occurrence of such an event.

2.5.3 Extension of Time

Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

2.5.4 Payments

During the period of its inability to perform the Services as a result of an event of Force Majeure, the Consultant shall not be entitled to payment under the terms of this Contract, except for the OUR's payment liabilities incurred prior to the said suspension of the Contractor's performance of the Services. On resumption of the Consultant's performance of the Services, the OUR's obligation to make payments under the terms of this Contract shall also resume.

2.6 Termination

2.6.1 By the OUR

The OUR may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (f) of this Clause GC 2.6.1. With the exception of the event referred to in

paragraph (f) of this Clause 2.6.1, the OUR shall give not less than thirty (30) days' written notice of termination to the Consultant. The OUR shall give not less than sixty (60) days' written notice in the case of the event referred to in paragraph (f) of this Clause 2.6.1.

- (a) If the Consultant does not remedy a failure in the performance of its obligations under the Contract, within thirty (30) days after being notified or within any further period as the OUR may have subsequently approved in writing.
- (b) If the Consultant becomes insolvent or bankrupt.
- (c) If the Consultant, in the judgment of the OUR has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.
- (d) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) days.
- (e) If the Consultant fails to comply with any final decision reached as a result of arbitration proceedings pursuant to Clause GC 8 hereof.
- (f) If the OUR, in its sole discretion and for any reason whatsoever, decides to terminate this Contract.

2.6.2 By the Consultant

The Consultant may terminate this Contract, by not less than thirty (30) days' written notice to the OUR, such notice to be given after the occurrence of any of the events specified in paragraphs (a) through (c) of this Clause GC 2.6.2:

- (a) If the OUR fails to pay any money due to the Consultant pursuant to this Contract and not subject to dispute pursuant to Clause GC 8 hereof within forty-five (45) days after receiving written notice from the Consultant that such payment is overdue.
- (b) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) days.

- (c) If the OUR fails to comply with any final decision reached as a result of arbitration pursuant to Clause GC 8 hereof.

2.6.3 Payment upon Termination

Upon termination of this Contract pursuant to Clauses GC 2.6.1 or GC 2.6.2, the OUR shall make the following payments to the Consultant:

- (a) payment pursuant to Clause GC 6 for Services satisfactorily performed prior to the effective date of termination;
- (b) except in the case of termination pursuant to paragraphs (a) through (c), and (e) of Clause GC 2.6.1, reimbursement of any reasonable cost incidental to the prompt and orderly termination of the Contract, including, if applicable, the cost of the return travel of the Personnel and their eligible dependents.

3. OBLIGATIONS OF THE CONSULTANT

3.1 General

3.1.1 Standard For Performance

The Consultant shall perform the Services and carry out its obligations hereunder with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Consultant shall always act, in respect of any matter relating to this Contract or to the Services, as faithful advisers to the OUR, and shall at all times support and safeguard the OUR's legitimate interests in any dealings with Sub-Consultants or Third Parties.

3.2 Conflict of Interests

The Consultant shall hold the OUR's interests paramount, without any consideration for future work, and strictly avoid conflict with other assignments or its own corporate interests.

3.2.1 Consultants Not to Benefit from Commis-

The payment of the Consultant pursuant to Clause GC 6 shall constitute the Consultant's only payment in connection with this Contract or the Services, and the Consultant shall not accept for its own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the

sions, Dis- counts, etc.	Services or in the discharge of its obligations under the Contract, and the Consultant shall use its best efforts to ensure that the Personnel, any Sub-Consultants, and agents of either of them similarly shall not receive any such additional payment.
3.2.2 Consultant and Affiliates Not to be Otherwise Interested in Project	The Consultant agrees that, during the term of this Contract and after its termination, the Consultant and any entity affiliated with the Consultant, as well as any Sub-Consultants and any entity affiliated with such Sub-Consultants, shall be disqualified from providing goods, works or services (other than consulting services) resulting from or directly related to the Consultant's Services for the preparation or implementation of the project.
3.2.3 Prohibition of Conflicting Activities	The Consultant shall not engage, and shall cause its Personnel as well as its Sub-Consultants and their personnel not to engage, either directly or indirectly, in any business or professional activities which would conflict with the activities assigned to them under this Contract.
3.3 Confidentiality	Except with the prior written consent of the OUR, the Consultant and the Personnel shall not at any time communicate to any person or entity any confidential information acquired in the course of the performance of the Services, nor shall the Consultant and the Personnel make public the recommendations formulated in the course of, or as a result of, the performance of the Services.
3.4 Consultant's Actions Requiring OUR's Prior Approval	<p>The Consultant shall obtain the OUR's prior approval in writing before taking any of the following actions:</p> <ul style="list-style-type: none">(a) entering into a subcontract for the performance of any part of the Services;(b) appointing such members of the Personnel not listed by name in Appendix C; and(c) any other action that may be specified in the SC.

-
- 3.5 Reporting Obligations**
- (a) The Consultant shall submit to the OUR the reports and documents specified in Appendix B hereto, in the form, in the numbers and within the time periods set forth in the said Appendix.
 - (b) Final reports shall be delivered in CD ROM in addition to the hard copies specified in the said Appendix B.
- 3.6 Documents Prepared by the Consultant to be the Property of the OUR**
- (a) All plans, drawings, specifications, designs, reports, other documents and software submitted by the Consultant under this Contract shall become and remain the property of the OUR, and the Consultant shall, not later than upon termination or expiration of this Contract, deliver all such documents to the OUR, together with a detailed inventory thereof.
 - (b) The Consultant may retain a copy of such documents and software. Restrictions about the future use of these documents, if any, shall be specified in the SC.
- 3.7 Documents Prepared by the Consultant to be the Property of the OUR**
- (a) All plans, drawings, specifications, designs, reports, other documents and software submitted by the Consultant under this Contract shall become and remain the property of the OUR, and the Consultant shall, not later than upon termination or expiration of this Contract, deliver all such documents to the OUR, together with a detailed inventory thereof.
 - (b) The Consultant may retain a copy of such documents and software. Restrictions about the future use of these documents, if any, shall be specified in the SC.
- 3.8 Accounting, Inspection and Auditing**
- The Consultant (i) shall keep accurate and systematic accounts and records in respect of the Services hereunder, in accordance with internationally accepted accounting principles and in such form and detail as will clearly identify all relevant time, charges and costs, and the bases thereof, and (ii) shall periodically permit the OUR or its designated representative and up to two years from the expiration or termination of this Contract, to inspect the same and make copies thereof as well as to have them audited by auditors appointed by the OUR, if so required by the OUR.

4. CONSULTANT'S PERSONNEL

- 4.1 Description of Personnel** The Consultant shall employ and provide such qualified and experienced Personnel and Sub-Consultants as are required to perform the Services. The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the performance of the Services of the Consultant's Key Personnel are described in Appendix C. The Key Personnel and Sub-Consultants listed by title as well as by name in Appendix C are hereby approved by the OUR.
- 4.2 Removal and/or Replacement of Personnel**
- (a) Except as the OUR may otherwise agree, no changes shall be made in the Key Personnel. If, for any reason beyond the reasonable control of the Consultant, such as retirement, death, medical incapacity, among others, it becomes necessary to replace any of the Key Personnel, the Consultant shall provide as a replacement a person of equivalent or better qualifications.
 - (b) If the OUR finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal act, or (ii) have reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Consultant shall, at the OUR's written request specifying the grounds thereof, replace such person with a person possessing qualifications and experience acceptable to the OUR.
 - (c) The Consultant shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

5. OBLIGATIONS OF THE OUR

- 5.1 Change in the Applicable Law Related to Taxes and Duties** If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost incurred by the Consultant in performing the Services, then the remuneration and reimbursable expenses otherwise payable to the Consultant under this Contract shall be increased or decreased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the amounts referred to in Clauses GC 6.2 (a) or (b), as the case may be.
- 5.2 Services and Facilities** The OUR shall make available free of charge to the Consultant the Services and Facilities listed under Appendix F.

6. PAYMENTS TO THE CONSULTANT

- 6.1 Lump-Sum Payment** The total payment due to the Consultant shall not exceed the Contract Price which is an all inclusive fixed lump-sum covering all costs required to perform the Services described in Appendix A. Except as provided in Clause 5.1, the Contract Price may only be increased above the amounts stated in Clause 6.2 if the Parties have agreed to additional payments in accordance with Clause 2.4.
- 6.2 Contract Price** (a) The price payable in foreign currency/currencies is set forth in the SC.
- (b) The price payable in local currency is set forth in the SC.
- 6.3 Payment for Additional Services** For the purpose of determining the remuneration due for additional services as may be agreed under Clause 2.4, a breakdown of the lump-sum price is provided in Appendices D and E.
- 6.4 Terms and Conditions of Payment** Payments will be made to the Consultant according to the payment schedule stated in the SC. Unless otherwise stated in the SC, the first payment shall be made against the provision by the Consultant of an advance payment guarantee for the same amount, and shall be valid for the period stated in the SC. Such guarantee shall be in the form set forth in Appendix G hereto, or in such other form, as the OUR shall have approved in writing. Any other payment shall be made after the conditions listed in the SC for such payment have been met, and the Consultant has submitted an invoice to the OUR specifying the amount due.

7. GOOD FAITH

- 7.1 Good Faith** The Parties undertake to act in good faith with respect to each other's rights under this Contract and to adopt all reasonable measures to ensure the realization of the objectives of this Contract.

8. SETTLEMENT OF DISPUTES

- 8.1 Amicable Settlement** The Parties agree that the avoidance or early resolution of disputes is crucial for a smooth execution of the Contract and the success of the assignment. The Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Contract or its

interpretation.

**8.2 Dispute
Resolution**

Any dispute between the Parties as to matters arising pursuant to this Contract that cannot be settled amicably within thirty (30) days after receipt by one Party of the other Party's request for such amicable settlement may be submitted by either Party for settlement in accordance with the provisions specified in the SC.

ADVANCE PAYMENT GUARANTEE No.: _____

We have been informed that *[name of Consulting Firm]* (hereinafter called "the Consultant") has entered into a contract for consultancy services dated *[insert date]* with you, for the Development of Guidelines Related to Unfair Contract Terms and the Assessment of Customer Contracts in the Telecommunications Sector (hereinafter called "the Contract"). Furthermore, we understand that, according to the conditions of the Contract, an advance payment in the sum of *[amount in figures]* (*[amount in words]*) is to be made against an advance payment guarantee.

At the request of the Consultant, we *[name of Bank]* hereby irrevocably undertake to pay you any sum or sums not exceeding in total an amount of *[amount in figures]* (*[amount in words]*)¹ upon receipt by us of your first demand in writing accompanied by a written statement advising that the Consultant is in breach of its obligation under the Contract because the Consultant has used the advance payment for purposes other than toward providing the Services under the Contract or has not otherwise complied with the conditions attached to the advance payment as specified in the Contract.

The maximum amount of this guarantee shall be progressively reduced by the amount of the advance payment repaid by the Consultant to the OUR or the value of work completed by the Consultant in accordance with the Contract as indicated in copies of monthly statements certified by the OUR which the Consultant shall present to us.

¹ The Guarantor shall insert an amount representing the amount of the advance payment and denominated either in the currency(ies) of the advance payment as specified in the Contract, or in a freely convertible currency acceptable to the OUR.

This guarantee shall expire, at the latest, upon our receipt of the monthly payment certificate indicating that the Consultant has made full repayment of the amount of the advance payment or has completed services in accordance with the Contract up to the value of the advance payment, or on the __ day of _____, 2__, whichever is earlier. Consequently, any demand for payment under this guarantee must be received by us at this office on or before that date.
