20. Subcontracting

- 20.1 The supplier shall notify the procuring entity in writing of all subcontracts awarded under the Contract if not already specified in the bid. Such notification, in the original bid or later shall not relieve the supplier from any of its obligations, duties, responsibilities, or liability under the Contract.
- 20.2 Subcontracts shall comply with the provisions of GCC Clauses 3 and 7.

21. Specifications and Standards

21.1 Technical Specifications and Drawings

- (a) The goods and related services supplied under this Contract shall conform to the technical specifications and standards mentioned in the Technical Requirements as appended to the Contract Agreement and, when no applicable standard is mentioned, the standard shall be equivalent or superior to the official standards whose application is appropriate to the goods' country of origin.

22. Packing and Documents

- 22.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the Contract. During transit, the packing shall be sufficient to withstand, without limitation, rough handling and exposure to extreme temperatures, salt and precipitation, and open storage. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

- (e) training of the procuring entity's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

24.3 Prices charged by the supplier for incidental services, if not included in the Contract Price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

25. Inspections and Tests

25.1 The supplier shall at its own expense and at no cost to the procuring entity carry out all such tests and/or inspections of the goods and related services as are specified in the SCC.

- entity. The supplier shall obtain from any relevant third party or manufacturer any necessary permission or consent to enable the procuring entity or its designated representative to attend the test and/or inspection.
- 25.5 The procuring entity may require the supplier to carry out any test and/or inspection not required by the Contract but deemed necessary to verify that the characteristics and performance of the goods comply with the technical specifications codes and standards under the Contract, provided that the supplier's reasonable costs and expenses incurred in the carrying out of such test and/or inspection shall be added to the Contract Price. Further, if such test and/or inspection impedes the progress of manufacturing and/or the supplier's performance of its other obligations under the Contract, due allowance will be made in respect of the Delivery Dates and Completion Dates and the other obligations so affected.
- 25.6 The supplier shall provide the procuring entity with a report of the results of any such test and/or inspection.
- 25.7 The procuring entity may reject any goods or any part thereof that fail to pass any test and/or inspection or do not conform to the specifications. The supplier shall either rectify or replace such rejected goods or parts thereof or make alterations necessary to meet the specifications at no cost to the procuring entity, and shall repeat the test and/or inspection, at no cost to the procuring entity, upon giving a notice pursuant to GCC Sub-Clause 25.4.
- 25.8 The supplier agrees that neither the execution of a test and/or inspection of the goods or any part thereof, nor the attendance by the procuring entity or its representative, nor the issue of any report pursuant to GCC Sub-Clause 25.6, shall release the supplier from any warranties or other obligations under the Contract.

26. Liquidated Damages

- 26.1 Except as provided under GCC Clause 31, if the supplier fails to deliver any or all of the goods by the Date(s) of delivery or perform the related services within the period specified in the Contract, the procuring entity may without prejudice to all its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in the **SCC** of the delivered price of the delayed goods or unperformed related services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage specified in those **SCC**. Once the maximum is reached, the procuring entity may terminate the Contract pursuant to GCC Clause 34.

27. Warranty

- 27.1 The supplier warrants that all the goods are new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided otherwise in the Contract.
- 27.2 Subject to GCC Sub-Clause 21.1(b), the supplier further warrants that the goods shall be free from defects arising from any act or omission of the supplier or arising

- from design, materials, and workmanship, under normal use in the conditions prevailing in the country of final destination.
- 27.3 Unless otherwise specified in the **SCC**, the warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the **SCC**, or for eighteen (18) months after the date of shipment from the port or place of loading in the country of origin, whichever period concludes earlier.
- 27.4 The procuring entity shall give notice to the supplier stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The procuring entity shall afford all reasonable opportunity for the supplier to inspect such defects.
- 27.5 Upon receipt of such notice, the supplier shall, within the period specified in the **SCC**, expeditiously repair or replace the defective goods or parts thereof, at no cost to the procuring entity.
- 27.6 If having been notified, the supplier fails to remedy the defect within the period specified in the **SCC**, the procuring entity may proceed to take within a reasonable period such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the procuring entity may have against the supplier under the Contract.

28. Patent Indemnity

- 28.1 The supplier shall, subject to the procuring entity's compliance with GCC Sub-Clause 28.2, indemnify and hold harmless the procuring entity and its employees and officers from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the procuring entity may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract by reason of:
- (a) the installation of the goods by the supplier or the use of the goods in the country where the Site is located; and
 - (b) the sale in any country of the products produced by the goods.

Such indemnity shall not cover any use of the goods or any part thereof other than for the purpose indicated by or to be reasonably inferred from the Contract, neither any infringement resulting from the use of the goods or any part thereof, or any products produced thereby in association or combination with any other equipment, plant, or materials not supplied by the supplier, pursuant to the Contract.

- 28.2 If any proceedings are brought or any claim is made against the procuring entity arising out of the matters referred to in GCC Sub-Clause 28.1, the procuring entity shall promptly serve the supplier with notice thereof, and the supplier may at its own expense and, on behalf of the procuring entity, conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.

- The supplier shall not bind the procuring entity to any agreement without its written approval.
- 28.3 If the supplier fails to notify the procuring entity within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the procuring entity shall be free to conduct the same on its own behalf.
- 28.4 The procuring entity shall, at the supplier's request, afford all available assistance to the supplier in conducting such proceedings or claim, and shall be reimbursed by the supplier for all reasonable expenses incurred in so doing.
- 28.5 The procuring entity shall indemnify and hold harmless the supplier and its employees, officers, and Subcontractors from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the supplier may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided or designed by or on behalf of the procuring entity.

29. Limitation of Liability

- 29.1 Except in cases of criminal negligence or willful misconduct,
- (a) the supplier shall not be liable to the procuring entity, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay liquidated damages to the procuring entity and
 - (b) the aggregate liability of the supplier to the procuring entity, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the supplier to indemnify the procuring entity with respect to patent infringement.

30. Change in Laws and Regulations

- 30.1 Unless otherwise specified in the Contract, if after the date of 28 days prior to date of bid submission, any law, regulation, ordinance, order or bylaw having the force of law is enacted, promulgated, abrogated, or changed in the part of Jamaica where the Site is located (which shall be deemed to include any change in interpretation or application by the competent authorities) that subsequently affects the Delivery Date and/or the Contract Price, then such Delivery Date and/or Contract Price shall be correspondingly increased or decreased, to the extent that the supplier has thereby been affected in the performance of any of its obligations under the Contract. Notwithstanding the foregoing, such additional or reduced cost shall not be separately paid or credited if the same has already

been accounted for in the price adjustment provisions where applicable, in accordance with GCC Clause 14.

31. Force Majeure

- 31.1 The supplier shall not be liable for forfeiture of its performance security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.
- 31.2 For purposes of this Clause, “Force Majeure” means an event or situation beyond the control of the supplier that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the supplier. Such events may include, but not be limited to, acts of the procuring entity in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.
- 31.3 If a Force Majeure situation arises, the supplier shall promptly notify the procuring entity in writing of such condition and the cause thereof. Unless otherwise directed by the procuring entity in writing, the supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

32. Change Orders and Contract Amendments

- 32.1 The procuring entity may at any time order the supplier through notice in accordance GCC Clause 8, to make changes within the general scope of the Contract in any one or more of the following:
- (a) drawings, designs, or specifications, where goods to be furnished under the Contract are to be specifically manufactured for the procuring entity;
 - (b) the method of shipment or packing;
 - (c) the place of delivery; and
 - (d) the related services to be provided by the supplier.
- 32.2 If any such change causes an increase or decrease in the cost of, or the time required for, the supplier’s performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or in the Delivery/Completion Schedule, or both, and the Contract shall accordingly be amended. Any claims by the supplier for adjustment under this Clause must be asserted within twenty-eight (28) days from the date of the supplier’s receipt of the procuring entity’s change order.
- 32.3 Prices to be charged by the supplier for any related services that might be needed but which were not included in the Contract shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

32.4 Subject to the above, no variation in or modification of the terms of the Contract shall be made except by written amendment signed by the parties.

33. Extensions of Time

33.1 If at any time during performance of the Contract, the supplier or its Subcontractors should encounter conditions impeding timely delivery of the goods or completion of related services pursuant to GCC Clause 12, the supplier shall promptly notify the procuring entity in writing of the delay, its likely duration, and its cause. As soon as practicable after receipt of the supplier's notice, the procuring entity shall evaluate the situation and may at its discretion extend the supplier's time for performance, in which case the extension shall be ratified by the parties by amendment of the Contract.

33.2 Except in case of Force Majeure, as provided under GCC Clause 31, a delay by the supplier in the performance of its Delivery and Completion obligations shall render the supplier liable to the imposition of liquidated damages pursuant to GCC Clause 26, unless an extension of time is agreed upon, pursuant to GCC Sub-Clause 33.1.

34. Termination

34.1 Termination for Default

- (a) The procuring entity, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the supplier, may terminate the Contract in whole or in part:
 - (i) if the supplier fails to deliver any or all of the goods within the period specified in the Contract, or within any extension thereof granted by the procuring entity pursuant to GCC Clause 33;
 - (ii) if the supplier fails to perform any other obligation under the Contract;
or
 - (iii) if the supplier, under the laws of Jamaica has engaged in fraud and corruption, as defined in GCC Clause 3, in competing for or in executing the Contract.
- (b) In the event the procuring entity terminates the Contract in whole or in part, pursuant to GCC Clause 34.1(a), the procuring entity may procure, upon such terms and in such manner as it deems appropriate, goods or related services similar to those undelivered or not performed, and the supplier shall be liable to the procuring entity for any additional costs for such similar goods or related services. However, the supplier shall continue performance of the Contract to the extent not terminated.

34.2 Termination for Insolvency.

- (a) The procuring entity may at any time terminate the Contract by giving notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In such event, termination will be without compensation to the supplier,

provided that such termination will not prejudice or affect any right of action or remedy that has accrued or will accrue thereafter to the procuring entity.

34.3 Termination for Convenience.
