**OUR'S Chairman Demits Office in January 2020**

**(KINGSTON, Jamaica; 2019 December 18):** Chairman of the Office of Utilities Regulation (OUR), Mr. Joseph M. Matalon demits office on 2020 January 1, to avoid potential conflicts of interest.

Mr. Matalon, the first Chairman of the seven-member Office appointed for five years in 2016 January 11, submitted his resignation to the Governor General, Sir Patrick Allen, earlier this month. He indicated to the Governor General that he was stepping down to pursue his interests in business areas that could potentially be in conflict with his position as a Member of the Office.

Mr. Matalon expressed his gratitude for the opportunity to contribute to the growth and development of the OUR at a pivotal time in the organisation's history. Mr. Matalon's dynamic tenure was marked by the strengthening of the OUR's institutional capacity to carry out its prescribed functions, and to improve the quality and sustainability of its governance framework. Among other accomplishments, he steered the development and implementation of the Corporate Governance Manual, a comprehensive Communications policy, initiated annual performance evaluations of the Office Members, and created the Office's Committee structure.

He established and shaped the OUR's then new leadership structure, in accordance with the 2015 amendments to the OUR Act, and spearheaded major improvements in the OUR's financial management.

The OUR's Director-General, Mr. Ansord Hewitt, expressed regret on behalf of the staff and management at Mr. Matalon's departure, and thanked him for his sage leadership throughout his tenure.

"Mr. Matalon brought strong and insightful guidance as well as novel thinking to the organization's new direction, post-2016, and helped tremendously with the transition from the old to the new structure of the Office. His acute grasp of issues, strong visionary leadership, exemplary work ethic and presence and willing ear will really be missed," said Mr. Hewitt.

**Background**

Mr Matalon is currently Chairman of ICD Group Holdings Limited as well as the RJRGLEANER Communications Group. His service to Jamaica's financial and economic development has spanned his tenures on public and private sector boards, charitable organisations, and government national appointed committees.
