

## OFFICE OF UTILITIES REGULATION

*Regulating Utilities for the Benefit of All*

### **EXPRESSION OF INTEREST SPECIALIST CONSULTANCY SERVICE**

The Office of Utilities Regulation (OUR) frequently procures services based on the Government of Jamaica Procurement Procedures and Guidelines. Given the nature of its operations, there are times when the OUR requires advice, assistance or services from professional consultants under discrete specialist assignments to facilitate rapid resolution of regulatory issues and to inform decision making. In an effort to meet the need for these services, the OUR intends to establish a Register of Pre-approved Specialist Consultants that will be updated from time to time. These registered Consultants may be periodically engaged to provide the OUR with services in their areas of expertise.

The OUR therefore invites Expression of Interest from suitably qualified individuals or firms of professional consultants to provide Specialist Consultancy Services in the following utility sectors:

- Telecommunications
- Electricity
- Water & Sewerage
- Transportation (by road, rail and ferry)

Interested professional consultants should download the Terms of Reference from the OUR's Website at [www.our.org.jm](http://www.our.org.jm).

**Applications must be clearly labeled "Expression of Interest – Specialist Consultancy Services" and submitted no later than 3:00 p.m. (Eastern Standard Time), Friday, August 14, 2009 to:**

The Director Administration/HR  
Office of Utilities Regulation,  
3<sup>rd</sup> Floor, PCJ Resource Centre,  
36 Trafalgar Road,  
Kingston 10.

**The OUR reserves the right in its sole discretion, to engage such experts as it deems fit. No explanation will be provided for the exclusion of any applicant.**
