Question 01

Surface Book is not authorized for resale by Microsoft in this region, and as such there is no supplier that would be able to provide manufacture authorization. Would you be open to a suitable comparable unit from another supplier e.g. HP, Dell or Lenovo.

Answer 01

We were unaware that there was no authorization for resale by Microsoft for the Caribbean region. Therefore, we will remove the requirement for a bidder to have the Manufacturer Authorization. Thus, manufacturer's authorization will **not** be required for this bid. An Addendum to the RFQ will be issued accordingly.
