About
CARIBNOG

The Caribbean Network Operators Group (CaribNOG) is the region's leading community of network engineers, ICT practitioners, regulators, and technical stakeholders committed to strengthening the resilience, security, and future of the Caribbean's Internet. Through collaborative learning, knowledge sharing, and capacity building, CaribNOG plays a pivotal role in developing the region's digital infrastructure and skilled technical workforce.

Since its inception, CaribNOG has delivered technical workshops, seminars, research-driven discussions, and biannual regional meetings, serving as a crucial platform for the Caribbean's ICT development.

About
CARIBNOG 31

CaribNOG 31 will bring together some of the Caribbean's most influential voices in networking, cybersecurity, Internet governance, cloud technologies, and technology leaders. Building on the organisation's tradition of twice-yearly regional meetings, the Jamaica edition will offer two days of technical content, hands-on labs, policy discussions, and networking opportunities. Typical attendance includes IT professionals, service providers, government agencies, students, and industry experts from across the region and North America.

The meeting will be held at the Jamaica Pegasus Hotel, Kingston, Jamaica from April 14-16, 2026

Why Sponsor?

Reach a Highly Targeted Technical Audience

CaribNOG attracts network operators, engineers, cybersecurity professionals, government regulators, telecom executives, and emerging ICT talent—an audience directly involved in building and securing regional networks.

- Networking Opportunities: Connect with industry leaders, potential customers, and partners.

Why Sponsor?

Align Your Brand with Digital Transformation in the Caribbean

Sponsors play a direct role in advancing regional capacity-building, fostering innovation, and supporting the development of knowledge-based economies across the Caribbean.

- **Enhanced Brand Visibility:** Gain exposure to a targeted audience of local, regional and international network operators, technology professionals, and decision-makers.
- **Market Positioning:** Position your organization as an industry leader and innovator.

Amplify Visibility Across the Region

With participants from multiple continents and a strong online presence through webinars, mailing lists, and hybrid sessions, your brand benefits from regional and international exposure.

- **Product and Service Promotion:** Promote your offerings to a relevant and engaged local and international audience.

Why Sponsor?

Engage in Technical Thought Leadership

Sponsors gain opportunities to host labs, present technical sessions, or demonstrate solutions aligned with CARIBNOG's focus areas, such as, routing security, cloud deployments, and cybersecurity.

Support Workforce Development and Innovation

Your sponsorship helps expand training programs and empowers young professionals entering the ICT field— strengthening human capital for the entire region.

As a sponsor of CARIBNOG 2026, you support regional development while positioning your brand as a leader in network technology, innovation, and capacity building.

Audience Profile

CaribNOG 31 is expected to attract:

- Network engineers and systems administrators
- Telecom operators, and mobile network professionals
- ICT policymakers and regulators
- Cybersecurity practitioners
- Universities and student groups
- International technical partners and research organisations
- Internet Service Providers (ISPs)
- Content Delivery Networks (CDNs)
- Digital Content Creators
- Policymakers and Regulators
- Technology Professionals
- Academia
- Civil Society Organizations
